## MUNICIPAL REGULATIONS

### FOR PAYMENT OF BILLS AGAINST THE CITY.

---

All persons furnishing materials or service for the city, or aid to the city poor, should be particular to take the name of the person ordering such service, material, or aid, and should *know* that the person is duly authorized to contract such liability.

The city will not be holden for merchandise sold or delivered on city poor account, except on the written order of the overseer of the poor, and for no longer time than until his successor shall have been appointed and qualified.

Duplicate copies will be required of all bills payable by the city, furnished on county poor account.

All bills against the city must be approved by the person authorizing the charge; and unless this is done, no action can be had upon the bill by the Committee on Accounts and Claims, and no order will be given for its payment.

Bills so certified should be left with the city clerk on or before the second day of the month.

If approved by the Committee on Accounts and Claims, they will be ready for payment on Thursday following the regular monthly meeting of the city government.

The regular monthly meetings of the city government occur on the second Monday of each month.

ARTHUR E. ROBY,  
*City Clerk.*

**INAUGURAL ADDRESS**  
**OF**  
**HENRY E. CHAMBERLIN**  
**January 24, 1922**

---

*Gentlemen of the Board of Aldermen:*

We meet at this hour in accordance with the provisions of the city charter to take the oath of office for the faithful performance of duty and to assume the responsibilities intrusted to us by the people of Concord.

I wish to express my deep appreciation of the honor conferred by my election to the office of mayor for a second term and I am aware of the great responsibility that rests upon me. It will be my endeavor to conduct the affairs of the office in such manner as to merit the confidence placed in me.

Equal responsibility is yours in the conduct of municipal affairs. The management of city business requires as careful consideration as that of any private enterprise, for successful management carries with it difficulties which are unknown in private business. It is our duty to give to the city our full measure of thoughtful, energetic service, conducting the business on business principles, subordinating every partisan interest and refusing to give consideration to petty or sectional demands when not justified upon the ground of common welfare.

I believe that one great factor in our success would be co-operation and confidence in the motives and principles of one another. I believe that the board of public works should keep in closer contact with the departments under

their supervision and obtain first-hand information in regard to them.

In my inaugural of two years ago I hesitated to express my views on certain municipal affairs which I had formed after serving two years as an alderman and seventeen years as city clerk, for the reason that I had not then studied them as mayor. During the past two years I have endeavored to study affairs from that angle also, and whatever opinions I have formed and whatever suggestions I may make are the result of careful consideration and not the result of favoritism or animosity toward any department of the city.

We are living in a progressive age and the demand for modern methods is insistent, but we must be guarded in our expenditures and live within our reasonable means. Our taxpayers do not expect us to be niggardly, neither do they desire extravagance nor waste. In these times when Federal taxes are necessarily high it behooves us to strive in every way to lift all possible burdens from the tax and rent payer. I would not have you infer that I am inclined to be pessimistic, but I do believe that our city has been too optimistic and has permitted expenditures to increase out of all proportion to the increase of both population and valuations. For a period, at least, we should proceed more nearly on a pay-as-you-go plan, avoiding as much as possible any increase in our interest charges, especially at the present high rates. We cannot expect to draw new industries or solve the housing problem unless we have an average tax rate which is attractive.

The board of assessors is one of the most important departments of the city and they are subject to certain tax laws. To adjust real estate fairly and impartially requires good judgment, and I believe that the efficient work of our board of assessors has done much to keep our tax rate as low as it has been.

The municipal funded debt is as follows:

City Hall bonds	\$67,000.00	
State Library bonds	15,000.00	
Bridge bonds	62,000.00	
Cemetery Trust Fund note	52,176.43	
	<hr/>	\$196,176.43

Precinct funded debt:

Water Works bonds	\$335,000.00	
Sewer bonds	58,000.00	
	<hr/>	393,000.00

Union School District bonds	\$159,000.00	
School District No. 20 bonds	4,800.00	
	<hr/>	163,800.00

Total	<hr/>	\$752,976.43
-------	-------	--------------

At the beginning of 1920 our total debt was \$866,976.43, so the present debt shows a decrease of \$114,000 in the last two years. The bonds to be paid in 1922 are as follows:

City Hall	\$7,000.00	
Bridge	4,000.00	
Sewers	4,000.00	
Union School District	10,000.00	
School District No. 20	500.00	
	<hr/>	\$25,500.00

For the past few years we have been reducing our debt from \$30,000 to \$50,000 each year and I hope that we may continue to do this rather than increase the debt. To mortgage the future to pay for the present is a poor policy. Borrowing money with which to meet current expenses should be avoided and if we incur debt for improvements we should use wise discrimination when such is proposed.

We have a well regulated and well equipped police department. We do not have a force large enough to cover the whole territory of the city and I would recommend that the committee on police and license in conjunction with the city marshal devise some method of patrolling whereby a larger territory might be covered, which I think could be done without impairing the present efficiency. I have found the police officers generally attentive to their duties and I think they may be depended upon to perform them without fear or favor and at the same time with an observance of courtesy and the consideration to which every citizen is entitled. I believe that all traffic laws should be enforced. As traffic regulations vary so widely in different cities and states, the enforcement requires tact and good judgment on the part of the police officers and I trust that while requiring obedience to our laws, they may be enforced courteously for such conduct helps to establish the good name of our city.

In regard to the fire department, I am still of the opinion that for a city of our population and area we have a modern department and one that is fairly well equipped. In the last few years we have had several serious fires which have apparently been efficiently managed, for if they had not been the fire loss would have been much greater. I think that the firemen are attentive to their duties and doing their work efficiently. I believe that a younger man should be in line for promotion and training so that in the event of the retirement of the present chief there would be some one familiar with the work of the department. He should understand the fire alarm system, the management of men, both in the stations and at fires, and have knowledge of fire conditions in the business section, the various public buildings and school houses. Without doubt motor driven apparatus adds to the efficiency of the department and whenever more is purchased it should be of that type. Should con-

ditions require considering any reorganization of this department I will make it the subject of a special message to the board.

Sanitary conditions in Concord compare favorably with those of other cities and the cost of maintaining the department is well under that of cities of similar size. We are fortunately situated in many ways for healthful living conditions. We have a splendid supply of pure water and good milk and plenty of recreation spots, all of which contribute to the good health of the community. Fortunately we have had no serious epidemics during the last two years. We are still without a contagious disease hospital and I would recommend that arrangements be made with the Margaret Pillsbury Hospital trustees for the enlargement of the Foster ward at that institution. The city might finance such undertaking, leaving the supervision with the hospital authorities, but I think that admission to the contagious ward should be through the board of health as they have control of communicable diseases. I hope this matter may have early consideration from the board of aldermen. Tuberculosis and venereal disease clinics have been established in Concord by the Federal and State governments, the room being furnished by the city. These clinics, together with the medical inspection in our schools, the co-operation of the Red Cross, District Nursing Association and Charity Organization Society, are of very great assistance to the sanitary officer in the work of his department.

We are fortunate in the number, size and location of our public parks and playgrounds, for nearly every section of the city has an attractive recreation spot within a short distance. The beautiful lot of land of about twenty acres in Penacook which was presented to the city in 1921 by Mr. Abial W. Rolfe is a valuable addition to our city. This is named Rolfe Park to perpetuate the name of an early settler in that part of the city, adding another to our city memorials recalling such former citi-

zens as White, Rollins, West, Pecker, Doyen, Kimball, Kent and Fowler, besides those whose names are carried by our schools. Being the gift of a personal friend and acquaintance of many years it was with much pride that I could record the addition of this park during my first administration. I hope that some plan will be worked out by the committee on playgrounds whereby a beginning may be made toward permanent improvements on this piece of land. Having all the playgrounds under the supervision of one committee has been an advantage, both as regards permanent improvements and the results obtained in supervision. The creditable performance given at the end of the season indicates interested, careful work on the part of those in charge and there can be no doubt of the great benefit derived from the public playground. An increased appropriation would make it possible to provide a new bath house at the river if the public bath there is continued, and there should without doubt be an instructor for the safety of those using the public bath.

The matter of a suitable memorial to the World War veterans has been discussed considerably and it seems to be the desire of the Legion and the citizens in general that the memorial be in the form of an athletic field. There is a possibility that the swimming pool proposition which was brought up last year might be considered in connection with the athletic field. While I believe that we should erect a memorial, I am of the opinion that we should proceed with caution and judgment in regard to it in order that the work may stand the test of time and forever remain a true memorial. With limited appropriations the park commissioners and the superintendent have kept our parks in a very creditable condition and they are an attractive feature of our city.

During the past two years there has been nothing done in the way of permanent work by the city highway department. The only pieces of permanent construction

were a section of macadam on the Hopkinton road at Dimond Hill in 1920 and 962 feet of cement and 17,000 feet of macadam roadway on the Loudon road during the past season, all of them being built by the state highway department. It is important to keep the roads that have been permanently improved in repair and I think it should be the policy of the department to do this and also to do something in the line of permanent construction each year. Even following such a policy it will be difficult to keep our highways in condition to meet the demands of traffic. I wish that there might be some solution of the sprinkling problem on Main street through the business section. The number of automobiles parked at the curb and the traffic through the street make sprinkling impossible. I am not entirely satisfied with the material used as a dust layer. The condition of the street so treated after a rain is far from satisfactory and the work required to repair the surface apparently exceeds the cost of sprinkling with water. There is a movement being made by the state highway department to change the road at the Soucook river bridge where a number of accidents have occurred. The change would eliminate several bad curves and reduce the grade. It would require the construction of a new bridge and would probably cost the city about \$15,000, the Federal and State governments also bearing a portion of the whole expense. The amount of garbage collected is increasing and the cost correspondingly. I have noticed that there is a tendency among the citizens to put out for collection by the department large quantities of brush. The ordinance says that "no brush, old lumber, or other similar things which cannot be placed in a receptacle shall be put into the highway." Either the ordinance should be amended or it should be enforced as it now stands.

There is a petition before the board of public works for the extension of the sewer on Clinton street, which they have recommended to the full board should be

built. Petitions for sewer extensions in other localities have also been presented that for health and other benefits should probably be granted.

The water-works, one of our most valuable properties, is in excellent condition and well managed. It is steadily paying its indebtedness and also making the necessary improvements each year to keep it up to date.

The appearance of all of the cemeteries in Concord shows that the money appropriated is wisely expended. Last year the construction of a new iron fence at the Old North cemetery on Bradley street was the beginning of an improvement that I hope may be continued another year. The heating plant installed in the waiting station at Blossom Hill has proved a great convenience, both to those visiting the cemetery and the superintendent, as it has made it possible for him to have an office there. The superintendent and his assistant are to be complimented on the well kept condition of Blossom Hill, which is a most beautiful spot.

During the summer it was my privilege to view our city from the air and the first thing to attract my attention was the great number of trees in business and residential sections as well as in the outlying districts. Visitors to our city are impressed with the beauty of our shade trees and we should take reasonable pride in preserving any feature of our city that is a credit to it. We expend in the care of trees less than many cities of smaller size having fewer trees. The tree warden has had many years' experience in caring for our trees, and their splendid condition indicates careful and judicious expenditure of the appropriation.

In our public library we have an example of an efficiently directed department, keeping within its appropriation and at the same time serving the public well. This is to the great credit of the librarian and her assistants and also to the trustees who take much interest in the library. In the death of Judge Walker, who had

served as president of the board of trustees for many years, the library lost a valuable friend. He was deeply interested in its welfare and gave much of his time to further its interests. He had hoped that at some time there might be a beginning made toward a new library building by setting aside a certain sum each year. We have outgrown our present library building and I hope that we may have a new one before many years.

I would recommend that appropriations be made as usual for the hospitals, the Charity Organization Society, District Nursing Association, Memorial Day and band concerts.

Taking all things into consideration, I think that the city departments are in general well managed. A former mayor expressed a thought in regard to them that I feel is worth repeating. "An unvarying courtesy toward one another and a generous hospitality toward strangers will be very helpful. Nothing characterizes a city more favorably than gentlemanly and obliging conduct in its officers and employees and I earnestly invoke the heads of all departments to insist upon decorum and politeness on the part of every employee of the city."

I believe that we should have more community spirit. The work of the Concord Chamber of Commerce is along this very line and they are creating a spirit of co-operation in this city whose value cannot be over-estimated. To have a municipal Christmas tree is a splendid custom, but we have gradually, year by year, lost interest until now only a few participate in the exercises. The Armistice Day service called forth a splendid audience to show their respect to the ideals and sacrifices of the manhood of this country in the World War. It would indeed be a pity if we allow ourselves to forget the spirit that called us on that day. If we hope to ever return to the more normal life that we were living before interrupted by those few years of stress and strife, we need to pause and consider how we are living at the present time. I

believe we shall find that we need more co-operation in our business life, more thought for one another in our social life and more religion in our moral life.

With us, as the servants of the people, rests the responsibility of conducting the affairs of the city to the very best of our ability and the measure of success with which we meet will depend in a greater degree than the citizens of this community realize upon their co-operation and interest in the welfare of the city.

# ORDINANCES AND RESOLUTIONS.

PASSED DURING THE YEAR ENDING JANUARY 9, 1922.

---

## CITY OF CONCORD—ORDINANCES.

### AN ORDINANCE PROVIDING FOR FIRE PROTECTION.

*Be it ordained by the Board of Aldermen of the City of Concord, as follows:*

SECTION 1. No person, firm, or corporation shall have in any building, or upon any premises or other place, or in or about any highway or way, whether used as a public or private thoroughfare, in close proximity to any building or buildings, any combustible or explosive matter or dangerous accumulation of rubbish, ashes, or accumulation of waste paper, boxes, shavings, or other inflammable material, which is so situated as to be a fire hazard.

SECT. 2. No person, firm, or corporation, shall obstruct any fire escape, stairs, passageway, door, or window, of any building, in such manner as to interfere with the operations of the Fire Department, or egress of occupants in case of fire.

SECT. 3. No person, firm, or corporation shall place ashes in any wooden container, which is in contact with any wooden surface within any building.

SECT. 4. No person, firm, or corporation, shall keep or permit to be kept, in or about any building, any oily waste or oily rags, unless, when not in actual use, such oily waste or oily rags are kept in a self closing metal container with riveted joints, no part of the body of said container to be within five inches of any inflammable surface.

SECT. 5. It shall be the duty of the Chief of the Fire Department to inspect, or cause to be inspected by such officers or members of the Fire Department as he shall designate, as often as he shall deem necessary, all buildings, premises, and public and private thoroughfares, and cause to be corrected any conditions liable to cause fire, or any violations of the provisions of this ordinance; said inspection shall be made at least once each month within the limits beginning on the main track of the Southern Division of the Boston and Maine Railroad, at a point in the center line of Centre Street extended easterly;

thence westerly by the centre line of said Centre Street extended and of said Centre Street, to the centre line of North State Street; thence southerly by the centre line of North and South State Streets to the centre line of Fayette Street; thence easterly by the centre line of said Fayette Street to the centre line of South Main Street; thence southerly by the centre line of South Main Street, to the centre line of Concord Street; thence easterly by the centre line of Concord Street extended easterly, to the south bound track of the Southern Division of said Boston and Maine Railroad; thence northerly by said track to the point of beginning.

SECT. 6. Whenever the Chief of the Fire Department or any officer or member of the Fire Department designated as aforesaid, shall find any violation of the provisions of this ordinance, the Chief of the Fire Department shall by notice in writing, delivered to the tenant or occupant, and owner of such building or premises, immediately order the removal of the fire hazard, or the condition corrected, within such time as he shall designate in said order and such order shall be complied with by such tenant or occupant, and owner. In case a condition contrary to the provisions of this ordinance is found in a public highway, alley or way, the Chief of the Fire Department shall immediately give written notice to the Superintendent of Streets, who shall forthwith remove such condition.

SECT. 7. The service of any order of the Chief of the Fire Department upon any tenant or occupant, and owner of any building or premises to whom it is directed, shall be made, by delivering true copies of said order to such tenant or occupant, and owner, if within the jurisdiction of the officer making the order, otherwise, by mailing true copies of said order to the said tenant or occupant, and owner, at their last known post office address.

SECT. 8. All tenants, occupants, and owners of buildings or premises, shall permit the Chief of the Fire Department, or officers or members of said Department designated by him, to inspect at any reasonable time, their buildings or premises, for the purpose of carrying out the provisions of this ordinance.

SECT. 9. The Chief of the Fire Department shall keep a record of all inspections, and a copy of all orders issued by him, on forms provided for that purpose, which shall remain on file and of record, in the office of the Chief of the Fire Department. He shall also report monthly to the Board of Aldermen the street number, name, or location of the building inspected together with the name of the person making the inspection.

SECT. 10. Any person, firm, or corporation, failing to comply with the order of the Chief of the Fire Department, shall be fined not more than \$20.00 for each offense, and each twenty-four hours of maintenance of prohibited conditions, shall constitute a separate offense.

SECT. 11. All ordinances or parts of ordinances inconsistent with this ordinance, are hereby repealed.

SECT. 12. This ordinance shall take effect upon its passage.  
Passed February 14, 1921.

---

AN ORDINANCE RELATIVE TO THE SALARY OF THE CITY SEALER.

*Be it ordained by the Board of Aldermen of the City of Concord, as follows:*

SECTION 1. Amend Section 2 of "An Ordinance providing for the term of office and salary of the City Sealer" passed January 14th, 1918, so that said section as amended shall read as follows:

"SECT. 2. The salary of the city sealer shall be five hundred dollars per annum in full for all services rendered as such sealer."

SECT. 2. All ordinances or parts of ordinances inconsistent with this ordinance are hereby repealed and this ordinance shall take effect upon its passage.

Passed March 28, 1921.

---

AN ORDINANCE AMENDING SECTION 12, OF CHAPTER 41, REVISED ORDINANCES, RELATIVE TO SALARIES OF WARD OFFICERS.

*Be it ordained by the Board of Aldermen of the City of Concord, as follows:*

SECTION 1. Amend Section 12, Chapter 41, Revised Ordinances by striking out the whole of said section and inserting in the place thereof the following:

SECT. 12. The moderators shall each receive the sum of forty dollars per annum, the ward clerks shall

each receive the sum of forty dollars per annum, the supervisors of the check-list shall be paid as follows:

Wards 1, 2, 3, 8 and 9, forty dollars per annum.

Wards 4, 5, 6 and 7, fifty dollars per annum.

The inspectors of election shall each receive the sum of eight dollars per day for each day's service.

SECT. 2. This ordinance shall take effect for and after the year 1921.

Passed March 28, 1921.

---

AN ORDINANCE AMENDING AN ORDINANCE RELATING TO THE  
REGULATION OF STREET TRAFFIC.

*Be it ordained by the Board of Aldermen of the City of Concord,  
as follows:*

SECTION 1. That Section 15 of Article 2 be amended by striking out all of said section after the words Main Streets, and by changing the word five in the first line to fifteen so that said section as amended will read as follows:

SECT. 15. No vehicle shall stop for more than fifteen minutes at a time on Warren Street between Green and Main Streets.

The City Marshal may grant special permits to stop longer than fifteen minutes whenever it is necessary.

SECT. 2. This ordinance shall take effect upon its passage.

Passed June 13, 1921.

---

AN ORDINANCE IN AMENDMENT OF CHAPTER VI OF THE CITY  
ORDINANCES RELATING TO STREETS AND PUBLIC PLACES AND  
ABUSES THEREIN.

*Be it ordained by the Board of Aldermen of the City of Concord,  
as follows:*

SECTION 1. Amend Chapter VI, Section 12, by striking out the whole of said section and substituting therefor the following:

SECT. 12. No person shall place or establish any awning

or shade before his or her place of business or dwelling house, over any part of any street or sidewalk, unless the same shall be composed of cloth and safely fixed and supported by strong iron rods or railings, so as in no wise to incommode pedestrians, and so that the lowest part of the support or frame work of such awning or shade shall be at least seven feet above the sidewalk, and the lowest part of the cloth of such awning or shade shall be at least six feet six inches above the sidewalk, except in Ward One, wooden awnings at present established by permit of the Board of Public Works; nor shall any sign or other fixture or construction be placed on or supported from any sidewalk or street; nor shall any person establish or maintain any sign or advertisement over any part of any street, lane, alley, or sidewalk unless such sign or advertisement shall be safely and securely fixed and supported and the lowest part thereof at least eight feet above the sidewalk; nor shall any such sign or advertisement be established or maintained without first having obtained a permit from the Board of Public Works (persons applying for a permit to erect a sign or advertisement shall state in writing its size and weight, the nature of the material of which it is to be constructed and the manner in which it is to be supported); nor shall any person encumber the street or sidewalk before his place of business, or elsewhere, with any boxes, shelves, stands, merchandise, or other things; nor shall any person use the sidewalk before his place of business for the sale of merchandise. The foregoing provisions shall not apply to gasoline pumps erected under a permit from the Board of Public Works.

SECT. 2. All ordinances or parts of ordinances inconsistent with this ordinance are hereby repealed and the provisions of this ordinance relating to signs and awnings shall take effect thirty days from the date of its passage and the remainder of this ordinance upon its passage.

Passed July 11, 1921.

---

AN ORDINANCE EXTENDING THE STREET SPRINKLING PRECINCT IN THE CITY OF CONCORD.

*Be it ordained by the Board of Aldermen of the City of Concord, as follows:*

SECTION 1. That Section<sup>1</sup> 1, Chapter 20, of the City Ordinances relating to the street sprinkling precinct be amended, by

adding thereto the following: "extending Southerly on Hall Street to Page Street, so called."

SECT. 2. This ordinance shall take effect upon its passage.  
Passed July 11, 1921.

---

AN ORDINANCE EXTENDING THE STREET SPRINKLING PRECINCT IN  
THE CITY OF CONCORD.

*Be it ordained by the Board of Aldermen of the City of Concord,  
as follows:*

SECTION 1. That Section 2, Chapter 20, of the City Ordinances relating to the street sprinkling precinct be amended by adding thereto the following: "extending Southerly on West Main Street from the junction of Main and West Main Streets, a distance of about four hundred feet or to the southeasterly corner of the land of Fred H. Palm."

SECT. 2. This ordinance shall take effect upon its passage.  
Passed July 11, 1921.

---

AN ORDINANCE EXTENDING THE PENACOOK SEWERAGE PRECINCT.

*Be it ordained by the Board of Aldermen of the City of Concord,  
as follows:*

SECTION 1. That Section 3 of Chapter 23 of the Revised Ordinances be hereby amended by adding thereto the following:

"Also the following described territory, to wit: Beginning at the northeasterly corner of land of the Martha J. Morrill estate on West Main Street, so called; thence running westerly, northerly, westerly and northwesterly by the easterly line of said Morrill land to the southeasterly corner of land of Oliver J. Fifield; thence northeasterly by the easterly line of said Fifield land to West Main Street; thence across West Main Street to the northwesterly corner of Woodlawn Cemetery; thence southerly by the westerly line of said cemetery to land of Rose A. Keenan; thence easterly by the northerly line of said Keenan land to its northeasterly corner; thence southerly by the easterly line of the Keenan land to its southeasterly corner; thence easterly by the northerly line of land now or formerly of Roderick J. McNeil to the Fisherville Road; thence southerly by said McNeil land to his

southerly line; thence westerly by his southerly line to land of Herbert O. Williams; thence southerly by the easterly line of said Williams land to his southerly line; thence westerly by his southerly line to West Main Street; thence northwesterly across West Main Street to the southeasterly corner of land of Otto Moody; thence westerly by said Moody's southerly line to land of the heirs of Martha J. Morrill and to the old precinct line; thence northerly, easterly and northerly by the old precinct line to the point begun at."

SECT. 2. This ordinance shall take effect upon its passage.  
Passed July 11, 1921.

---

AN ORDINANCE EXTENDING THE SEWERAGE PRECINCT OF THE CITY  
OF CONCORD.

*Be it ordained by the Board of Aldermen of the City of Concord,  
as follows:*

SECTION 1. That Section 1 of Chapter 23 of the Revised Ordinances be hereby amended by adding thereto the following:

"Also the following described territory, to wit: Beginning at the southerly line of the precinct as now established, and on the easterly line of Broadway; thence running southerly by the easterly line of Broadway to the northerly line of Wood Avenue, so called, extended easterly intersecting the easterly line of Broadway; thence across Broadway to the northwesterly corner of said Wood Avenue; thence westerly by the northerly line of said avenue one hundred feet; thence northerly parallel to Broadway and one hundred feet westerly therefrom to the northerly line of Rollins Park to the old precinct line."

SECT. 2. This ordinance shall take effect upon its passage.  
Passed July 11, 1921.

---

AN ORDINANCE IN AMENDMENT OF CHAPTER XIX OF THE CITY  
ORDINANCES, EXTENDING THE LIGHTING PRECINCT OF THE  
CITY OF CONCORD.

*Be it ordained by the Board of Aldermen of the City of Concord,  
as follows:*

SECTION 1. That Section 1 of Chapter 19 of the Revised Ordinances be hereby amended by adding thereto the following:

"Also the following described territory: Westerly by the Hopkinton road from the road leading to Penacook Lake to the Hopkinton town line on the Dimond Hill road."

SECT. 2. This ordinance shall take effect upon its passage.  
Passed July 11, 1921.

---

AN ORDINANCE EXTENDING THE LIGHTING PRECINCT OF THE CITY  
OF CONCORD.

*Be it ordained by the Board of Aldermen of the City of Concord,  
as follows:*

SECTION 1. Amend Chapter 19, Section 1 of the City Ordinances by adding thereto the following described territory:—Beginning at the property of Guy Holt on the South Pembroke Road and extending on said road a distance of about one-half mile to the corner of the road leading to Black Hill.

SECT. 2. This ordinance shall take effect upon its passage.  
Passed September 12, 1921.

## RESOLUTIONS.

RESOLUTION APPROPRIATING MONEY TO PAY TAXES ASSESSED IN 1920 ON NON-RESIDENT PROPERTY SOLD TO THE CITY IN 1919 FOR 1918 TAXES.

*Resolved by the Board of Aldermen of the City of Concord, as follows:*

SECTION 1. That the sum of two and 1-100 dollars (\$.01) be, and the same is hereby, appropriated out of any money in the treasury not otherwise appropriated, to pay taxes assessed in 1920 on non-resident property sold to the city in 1919 for 1918 taxes.

SECT. 2. This resolution shall take effect upon its passage. Passed February 14, 1921.

---

RESOLUTION APPROPRIATING MONEY TO PAY TAXES ASSESSED IN 1920 ON NON-RESIDENT PROPERTY SOLD TO THE CITY IN 1920 FOR 1919 TAXES.

*Resolved by the Board of Aldermen of the City of Concord, as follows:*

SECTION 1. That the sum of twenty-eight cents (\$.28) be, and the same is hereby, appropriated out of any money in the treasury not otherwise appropriated, to pay taxes assessed in 1920 on non-resident property sold to the city in 1920 for 1919 taxes.

SECT. 2. This resolution shall take effect upon its passage. Passed February 14, 1921.

---

RESOLUTION AUTHORIZING THE MAYOR TO EXECUTE A QUIT CLAIM DEED TO PROPERTY FORMERLY OWNED BY GEORGE CORRIVEAU.

*Resolved by the Board of Aldermen of the City of Concord, as follows:*

SECTION 1. The Mayor is hereby authorized to execute a quit claim deed of property formerly belonging to George Corriveau, being a lot of land known as No. 6350, Plan A, Assessor's

Map, sold to the city for taxes, at a price to include all taxes and costs assessed against said property.

SECT. 2. This resolution shall take effect upon its passage.  
Passed February 14, 1921.

---

RESOLUTION IN RELATION TO A TEMPORARY LOAN NOT EXCEEDING  
ONE HUNDRED AND FIFTY THOUSAND DOLLARS (\$150,000).

*Resolved by the Board of Aldermen of the City of Concord, as follows:*

That the Committee on Finance is hereby authorized to borrow on the credit of the city a sum not to exceed one hundred and fifty thousand dollars (\$150,000) for expenses in anticipation of taxes for the municipal year 1921, upon such terms and for such amounts as the committee shall determine, said loan to be payable from the taxes of the said municipal year.

Passed February 14, 1921.

---

RESOLUTION APPROPRIATING MONEY FOR A NEW CLOCK FOR THE  
BOARD OF TRADE BUILDING.

*Resolved by the Board of Aldermen of the City of Concord, as follows:*

That the sum of fifteen hundred dollars (\$1500) be, and the same hereby is, appropriated out of any money in the treasury not otherwise appropriated, for the purpose of a new tower clock for the Board of Trade building. Said sum to be expended under the direction of the Committee on Lands and Buildings with the Mayor added.

Passed February 14, 1921.

---

RESOLUTION TO EXEMPT FROM TAXATION FOR A PERIOD OF TEN  
YEARS, CERTAIN NEW BUILDINGS AND MACHINERY OF THE  
PERRY BROTHERS GRANITE COMPANY.

*Resolved by the Board of Aldermen of the City of Concord, as follows:*

SECTION 1. That the Perry Brothers Granite Company or its Successors is hereby exempted from taxation for a period

of ten years from the date of the passage of this resolution, upon new buildings to be erected on land owned by said Perry Brothers situated in the rear of No. 216 North State St., and on their quarry land, and from taxation on new machinery to be installed therein, provided, however, that during said ten years, this Company or its successors shall pay taxes to be levied on the present assessment valuation.

SECT. 2. This resolution shall take effect upon its passage.  
Passed March 14, 1921.

---

RESOLUTION FIXING AND DETERMINING THE AMOUNT OF MONEY

SECT. 2. There shall be raised and there is hereby ordered to be raised, a tax of three and 50-100 dollars (\$3.50) on each thousand dollars of the value of the ratable estates taxable within said city for the support of the public schools which, together with the income of the Abial Walker fund shall be appropriated and divided among the school districts according to the valuation thereof.

There shall also be raised a sum equal to two dollars (\$2.00) for each child residing in the city who was enrolled in the public schools in the last preceding school year.

SECT. 3. In addition to the foregoing there is appropriated for the cemeteries of the city one-half of the income from the sale of lots and the income derived for the care of lots and

grading, which sums shall be deposited by the superintendent, or others receiving them, in the city treasury. The care of lots for which the city holds trust funds shall be paid from the money appropriated for the care of cemeteries, and so much of the income of these trust funds as may be thus expended shall be deposited in the city treasury at the close of the year and the remainder in each instance credited to the individual fund.

SECT. 4. In addition to the foregoing there is appropriated for the use of the public library in the purchase of books the amount collected for fines.

SECT. 5. This resolution shall take effect upon its passage.

Passed March 28, 1921.

---

RESOLUTION AUTHORIZING THE MAYOR TO EXECUTE A QUIT CLAIM DEED TO PROPERTY FORMERLY OWNED BY WILLIAM L. COWIE.

*Resolved by the Board of Aldermen of the City of Concord, as follows:*

SECTION 1. That the Mayor is hereby authorized to execute a quit claim deed of property formerly belonging to William L. Cowie, being a lot of land known as No. 4458, Block 10, Plan D, Engineer's Map, sold to the city for taxes, at a price to include all taxes and costs assessed against said property.

SECT. 2. This resolution shall take effect upon its passage.

Passed April 11, 1921.

---

RESOLUTION APPROPRIATING FIVE AND 5-100 DOLLARS (\$5.05) TO PAY FOR NON-RESIDENT REAL ESTATE SOLD TO THE CITY OF CONCORD FOR UNPAID TAXES FOR THE YEAR 1920.

*Resolved by the Board of Aldermen of the City of Concord, as follows:*

That the sum of five and 5-100 dollars (\$5.05) be, and the same hereby is, appropriated out of any money in the treasury not otherwise appropriated, to pay the amount due the City of Concord for non-resident real estate purchased at the tax collector's sale of non-resident real estate for the unpaid taxes for the year 1920.

Passed April 11, 1921.

RESOLUTION AUTHORIZING THE MAYOR TO EXECUTE A QUIT CLAIM  
DEED TO PROPERTY FORMERLY OWNED BY ROBERT SAWYER.

*Resolved by the Board of Aldermen of the City of Concord, as follows:*

SECTION 1. That the Mayor is hereby authorized to execute a quit claim deed of property formerly belonging to Robert Sawyer, being a lot of land known as No. 4479, Plan B, Engineer's Map, sold to the city for taxes, at a price to include all taxes and costs assessed against said property.

SECT. 2. This resolution shall take effect upon its passage.  
Passed May 9, 1921.

---

RESOLUTION RELEASING SETH R. DOLE FROM ALL FURTHER OBLIGA-  
TIONS ON ACCOUNT OF HIS DUTIES AS TAX COLLECTOR.

*Resolved by the Board of Aldermen of the City of Concord, as follows:*

SECTION 1. That Seth R. Dole, formerly Tax Collector for the City of Concord, having collected all collectible taxes for which he held a warrant, and having turned the same into the City Treasury, that said Seth R. Dole be requested to turn over the papers, books, and records relating to the duties of his office, also all claims which the city may have on land sold for unpaid taxes and left in his hands for redemption, to Woodbury E. Hunt, Tax Collector, and upon so doing, that the said Seth R. Dole be released from all further obligations on account of the duties of his office.

SECT. 2. This resolution shall take effect upon its passage.  
Passed May 9, 1921.

---

RESOLUTION APPROPRIATING MONEY FOR FIRE INSPECTION AS RE-  
QUIRED BY ORDINANCE.

*Resolved by the Board of Aldermen of the City of Concord, as follows:*

SECTION 1. That the sum of six hundred dollars be, and hereby is, appropriated out of money in the City Treasury not otherwise appropriated, to be expended under the direction of

the Fire Department Committee to cover the monthly inspection of certain streets and buildings, as required by ordinance.

Passed July 11, 1921.

---

RESOLUTION TO EXEMPT FROM TAXATION FOR A PERIOD OF TEN  
YEARS, CERTAIN NEW BUILDINGS AND MACHINERY OF THE  
RUMFORD PRINTING COMPANY.

*Resolved by the Board of Aldermen of the City of Concord, as follows:*

That, whereas, a resolution was passed March 29, 1916, by the Board of Aldermen exempting for a period of ten years certain new capital of the Rumford Printing Company, as follows:

"That the Rumford Printing Company is hereby exempted from taxation for a period of ten years from the date of the passage of this resolution upon new capital invested in an extension of its business to be carried on in the Prescott Piano Factory Building, so-called, located on North Main Street."

And, whereas, another resolution was passed March 26, 1920, providing for further exemption as follows:

"SECTION 1. That the Rumford Printing Company or its successors, is hereby exempted from taxation for a period of ten years from the date of the passage of this resolution, upon new buildings to be erected on land owned by said Company, bounded by North Main, Washington and Pearl Streets, and

from taxation on new machinery to be installed therein, and also upon new buildings to be erected for storage purposes on land of said Company, fronting the railroad, south of the Ford Foundry property: provided, however, that during said ten years, said Rumford Printing Company or its successors shall pay taxes, to be levied on the present assessment valuation, upon buildings which may be razed to provide for the erection of said new buildings."

And, whereas, the greater portion of the former so-called Prescott Piano Factory, located on North Main Street, was destroyed by fire on June 23, 1921, necessitating radical changes in the building and extension plans of the Rumford Printing Company, and as future new buildings with necessary new mechanical equipment are to be erected on the site of the former Ford Foundry, now the property of the Rumford Printing Company, located on Ferry Street, fronting the railroad, and also on land adjoining the former Ford Foundry property, known as the State Lot, fronting the railroad, the exemptions instanced above will become inoperative, therefore be it,

*Resolved by the Board of Aldermen of the City of Concord, as follows:*

SECTION 1. That the Rumford Printing Company, or its successors, is hereby exempted from taxation for a period of ten years from the date of passage of this resolution upon new buildings to be erected on the Company property, formerly the site of the Ford Foundry Plant, and also on Company property formerly the State Hospital coal shed site, and from taxation on new machinery to be installed therein, together with such machinery as had been installed in the former so-called Prescott Piano Factory buildings on the North Main Street site as shall be moved to and become a part of the equipment of the new plant to be erected on the former Ford Foundry and State Lot sites fronting the railroad.

SECT. 2. That nothing in the above exemption shall be construed to exempt from taxation the present mechanical equipment now located in the Depot Street plant now and heretofore subject to taxation.

SECT. 3. The resolutions passed March 29, 1916, and March 26, 1920, relating to certain exemptions on property of the Rumford Printing Company are repealed upon the passage of this resolution.

SECT. 4. This resolution shall take effect upon its passage. Passed July 11, 1921.

## RESOLUTION RELATIVE TO TAXES FOR 1912 FOR FRED C. COATES.

*Resolved by the Board of Aldermen of the City of Concord, as follows:*

That the sum of thirty-one and thirty-three one hundredths dollars (\$31.33) amount of taxes and charges for the year 1912 and all charges accrued on said tax to July 11, 1921, on the property of Fred C. Coates, located at 54 Beacon Street, be and hereby are abated.

Passed July 11, 1921.

---

## RESOLUTION IN RELATION TO A TEMPORARY LOAN NOT EXCEEDING SEVENTY-FIVE THOUSAND DOLLARS (\$75,000.)

*Resolved by the Board of Aldermen of the City of Concord, as follows:*

That the Committee on Finance is hereby authorized to borrow on the credit of the city a sum not to exceed seventy-five thousand dollars (\$75,000) for expenses in anticipation of taxes for the municipal year 1921, upon such terms and for such amounts as the committee shall determine, said loan to be payable from the taxes of the said municipal year.

Passed August 8, 1921.

---

## RESOLUTION APPROPRIATING MONEY FOR THE PURCHASE OF A CLOCK FOR THE CITY CLERK'S OFFICE.

*Resolved by the Board of Aldermen of the City of Concord, as follows:*

That the sum of thirty-five dollars be, and hereby is, appropriated for the purchase of a clock for the city clerk's office, said sum to be charged to the account of incidentals and land damages and expended under the direction of the Committee on Lands and Buildings.

Passed August 8, 1921.

RESOLUTION APPROPRIATING MONEY FOR THE PURCHASE AND INSTALLATION OF A SIREN FIRE ALARM SYSTEM FOR EAST CONCORD, N. H.

*Resolved by the Board of Aldermen of the City of Concord, as follows:*

SECTION 1. That the sum of seven hundred dollars (\$700.00) be, and the same hereby is, appropriated out of any money in the treasury not otherwise appropriated, for the purchase and installation of a Siren Fire Alarm System at East Concord, N. H., said sum to be expended by the Committee on Fire Department.

SECT. 2. This resolution shall take effect upon its passage.  
Passed August 8, 1921.

---

Passed November 14, 1921.

RESOLUTION IN RELATION TO A TEMPORARY LOAN NOT EXCEEDING  
FIFTY THOUSAND DOLLARS (\$50,000.)

*Resolved by the Board of Aldermen of the City of Concord, as follows:*

That the Committee on Finance is hereby authorized to borrow on the credit of the city a sum not to exceed fifty thousand dollars (\$50,000) for expenses in anticipation of taxes for the principal year 1921, upon such terms and for such amounts as the Committee shall determine, said loan to be payable from the taxes of the said municipal year and to run not over thirty days.

Passed November 14, 1921.

---

RESOLUTION AUTHORIZING THE ISSUE OF TWO HUNDRED SEVENTY  
THOUSAND DOLLARS OF CITY OF CONCORD, N. H., WATER BONDS  
TO REFUND TWO HUNDRED SEVENTY THOUSAND DOLLARS OF  
FOUR PER CENT. BONDS MATURING JANUARY 1, 1922.

*Resolved by the Board of Aldermen of the City of Concord, as follows:*

That for the purpose of paying the two hundred seventy thousand dollars (\$270,000) of water bonds of the City of Concord issued January 1, 1892, and to refund the same under authority of and in compliance with Chapter 129 of the Laws of 1917, the city borrow the sum of two hundred seventy thousand dollars (\$270,000) and issue bonds therefor; that the mayor and city treasurer be, and hereby are, authorized and directed to make and execute, sign and affix the seal of said city thereto for the sum of two hundred seventy thousand dollars (\$270,000) substantially in the form prescribed by Chapter 43 of the Laws of 1895. Said bonds to be two hundred seventy in number and for the sum of one thousand dollars (\$1,000) each, to be dated January 1, 1922, and to be made payable to the bearer with interest coupons attached, bearing interest at a rate not to exceed five per cent. per annum, payable semi-annually on the first day of January and the first day of July in each year. The principal of said bonds and the interest coupons attached, to be made payable at maturity upon presentation to The National Shawmut Bank of Boston, Massachusetts, or at the office of the city treasurer, Concord, N. H. Said bonds to become due and

payable serially, eighteen thousand dollars (\$18,000) to be payable on the first day of January, 1923, and eighteen thousand dollars (\$18,000) on the first day of January of each succeeding year until and including January 1, 1937.

The city treasurer is hereby instructed and empowered to procure proposals for the sale of the bonds hereby authorized, and whichever bid is for the best interest of the city shall be accepted by him, provided the same shall be approved by the Finance Committee, reserving to the Finance Committee the right of rejecting any or all bids.

Passed November 14, 1921.

---

RESOLUTION APPROPRIATING THE SUM OF THREE THOUSAND DOLLARS FOR THE HIGHWAY DEPARTMENT.

*Resolved by the Board of Aldermen of the City of Concord, as follows:*

That the sum of three thousand dollars (\$3,000) be, and the same hereby is, appropriated out of any money in the treasury not otherwise appropriated for the Highway Department.

Passed December 12, 1921.

---

RESOLUTION APPROPRIATING MONEY TO PAY TAXES ASSESSED IN 1919 ON REAL ESTATE SOLD TO THE CITY IN 1919 FOR 1918 TAXES.

*Resolved by the Board of Aldermen of the City of Concord, as follows:*

SECTION 1. That the sum of one hundred five and 9-100 dollars (\$105.09) be, and the same is hereby, appropriated out of any money in the treasury not otherwise appropriated, to pay taxes assessed in 1919 on real estate sold to the city in 1919 for 1918 taxes.

SECT. 2. That the city treasurer is hereby authorized to pay to the collector of taxes said amount of one hundred five and 9-100 dollars (\$105.09.)

SECT. 3. This resolution shall take effect upon its passage.

Passed December 12, 1921.

RESOLUTION APPROPRIATING MONEY FOR A MUNICIPAL CHRISTMAS TREE.

*Resolved by the Board of Aldermen of the City of Concord, as follows:*

That the sum of one hundred fifty dollars (\$150) be, and hereby is, appropriated out of any money in the treasury, not otherwise appropriated, for a municipal Christmas Tree celebration; said appropriation to be expended under the direction of the Mayor and the Committee on Lands and Buildings.

Passed December 12, 1921.

RESOLUTION AUTHORIZING THE MAYOR TO EXECUTE A QUIT CLAIM DEED TO PROPERTY FORMERLY OWNED BY ANDREW E. QUIMBY, A. G. G. DUSTIN AND GEORGE T. KILBURNE ESTATE.

*Resolved by the Board of Aldermen of the City of Concord, as follows:*

SECTION 1. That the mayor is hereby authorized to execute a quit claim deed of property formerly belonging to Andrew E. Quimby, A. G. G. Dustin and George T. Kilburne Estate consisting of lots Nos. 4696 and 4697, Plan C, Engineer's Map, sold to the city for taxes, at a price to include all taxes and costs assessed against said property.

SECT. 2. This resolution shall take effect upon its passage.  
Passed December 12, 1921.

RESOLUTION APPROPRIATING MONEY FOR DEFICIENCIES IN THE SEVERAL DEPARTMENTS.

*Resolved by the Board of Aldermen of the City of Concord, as follows:*

SECTION 1. That the sum of ninety-five hundred fifty-two and 45-100 dollars (\$9,552.45) be, and hereby is, appropriated out of any money in the treasury not otherwise appropriated, to pay outstanding claims as follows:

Board of Health,	\$327.86
City Poor,	528.55

Fire Department,	\$1,782.59
Incidentals and Land Damages,	2,080.77
Interest, temporary loans,	2,047.78

Parks,	92.28
Police and Watch,	714.14
Printing and Stationery,	447.86
Salaries,	1,416.87
	<hr/>
	\$9,552.45

SECT. 2. That there be transferred to the appropriation for garbage for the year 1921, the sum of two hundred eighty-seven and 97-100 dollars (\$287.97) the same being the earnings of this department.

SECT. 3. That there be transferred to the appropriation for sewers for the year 1921, the sum of twenty-six dollars (\$26.00), the same being the earnings of this department.

SECT. 4. That there be transferred to the appropriation for trees for the year 1921, the sum of two hundred seventy-two and 83-100 dollars (\$272.83), the same being the earnings of this department.

SECT. 5. That there be transferred to the appropriation for Highway Department for the year 1921, the sum of forty-seven hundred forty-eight and 18-100 dollars (\$4748.18), the same being the earnings of this department.

SECT. 6. This resolution shall take effect upon its passage.  
Passed January 9, 1922.

## MAYORS OF CITY OF CONCORD.

The original charter of the city was adopted by the inhabitants March 10, 1853, and until 1880 the Mayor was elected annually. Since 1880 the Mayor has been elected for two years at each biennial election in November. Under the City Charter, adopted May 11, 1909, the Mayor was elected in December, 1910, for one year, and biennially thereafter in November, beginning in the year 1911.

## REPORT OF BOARD OF EDUCATION.

---

The Board of Education reports to Union School District as follows:

For some time past the citizens of the Millville and St. Paul's School District have been dissatisfied with the condition of the Millville School, and at the annual meeting of 1921, notice was given that at this year's annual meeting definite action would be asked for. During the past year, several visits to the Millville School have been made by Committees of the School Board, both when the schools were in session and when they were not. The Board believes that we should have a better building at Millville, and has received a general estimate that a building either of brick or frame construction adequate to present needs and so constructed that additions in the future could be economically made, can be built for from \$30,000 to \$35,000. We recommend to the District that authority to the Board be given to construct such a school building.

It is absolutely necessary to make an addition to the Morrill Manual Training School to accommodate the increasingly large amount of necessary work being done there. A frame structure built to the east of the present school building, to cost \$6,000 to \$8,000, seems at the present time to be the most practical thing to be done, and will be adequate for a good many years, and we recommend that authority be given to the School Board to construct such an addition.

At the annual meeting two years ago, the District voted to have a medical inspector, and in compliance with this mandate of the District, Dr. C. M. Kelley was engaged in such capacity, and is now upon his second year of service. The benefit of his services is becoming increasingly apparent. We invite the closest exami-

nation of Dr. Kelley's report published herein. To have thoroughly examined 3,166 pupils, to have found 4,114 health defects and to have reported and followed up a large proportion of these, to have taken from the schools temporarily, but promptly, 79 pupils having communicable diseases, to have made 218 special examinations with reference to mental development, together with a great many conferences with parents in groups and as individuals, to have inspected and advised concerning the sanitary and hygienic conditions of the schools, to oversee in a general way the physical education of the pupils in the schools, all this suggests something of the scope and something of the value of Dr. Kelley's work. Perhaps the most appealing feature of the medical inspector's efforts, we feel, is in connection with the state of nutrition of the pupils, a feature which is being practically developed at the Kimball, Rumford and Cogswell Schools, where forenoon lunches of milk and crackers are had at a surprisingly low cost to the parents.

The physical training at the High School under Mr. Quinn and Miss Ranney is being carried on satisfactorily.

The work of the school nurse, Mrs. Helen Y. Upham, we believe, is very efficiently done.

The District should know and recognize the value of the work that is being done by Drs. Young, Albee, Morton, Washburn and Aldrich, dentists, who have held 30 clinics, at which 243 pupils have benefited, and 559 dental operations have been performed.

The same appreciation is extended by the Board to the larger group of Concord physicians who, likewise without compensation, have performed a large amount of surgical and medical work for our pupils.

Dr. Kelley has estimated that the loss in the District in school days on account of preventable illness is 1,117 days a year. We believe that the services mentioned above will reduce the loss on account of such cause to a minimum.

One word more should be said of Dr. Kelley. Under the law, he is a medical inspector only,—he is not a medical practitioner, but is always glad to co-operate with the family physicians of the school children.

The use of standardized tests and measurements is an important function in modern educational administration. During the past year, conservative use has been made of these measures in many of the grades and throughout the High Schools. The principal value of such tests is not that Concord pupils are shown to be normal or a little above normal in mental ability, but the fact that the findings of the tests are used to benefit the pupils more completely in class room work and to help the teacher to a more intelligent appreciation of the individual needs of the pupils.

The Board of Education recognizes that a year ago there was some dissatisfaction and unrest in the District in reference to our schools and our school system. At that time, we suggested a survey of the schools, but received no response. This year, the Board took up of its own initiative the question of the practicability of a survey of our schools to determine whether improvements could be wisely introduced. The Board desired such a survey, if made at all, to be made by people outside the State. The question was very carefully considered by a committee of the Board, Mr. Dudley, Mrs. Elkins, Mr. Emery, Dr. Duncan and Mr. Lake. The Board's decision upon the matter was that a survey at this time is impracticable,—one principal reason being that such survey if thorough-going, as it should be, leads to a highly disturbed condition of the schools while it is being taken, which would be a considerable length of time. The Board is not hostile to such a survey. If the necessity therefor should arise in the future, or if the citizens of the District should desire one at the present time, except for the reason stated above, the School Board is sympathetic to the idea.

The School Board was the more ready to abandon at this time the consideration of a survey, in view of the changed and extended course suggested fully in the Superintendent's report, of which proposal the Board asks the District's careful consideration and adoption in the near future, if the District is willing to incur the cost. The information of the Board is that the definite drift in the country is towards a course of six years in the grades, three years in the Junior High, and three years in the Senior High School. The Board invites attention to the details of the proposal embracing the system as contained in the Superintendent's report. We understand that seldom, if ever, is such system changed when once adopted, and we believe its adoption in Concord would be in all respects a forward step. From the standpoint of our schools the Board recommends a change to such a system,—from the standpoint of finances the District must decide.

Much sickness and frequent change in the teaching force has interfered with the schools this year, and it is only through the loyalty of our teachers and the untiring efforts of the Superintendents, upon whom continually added and more exacting duties are being imposed, that a satisfactory year's work has been accomplished.

The financial affairs of the District have been administered economically, the Board feels confident, and money has not been spent except as it had been appropriated. There will be a balance on hand at the end of the year. Every financial transaction is open to the inspection of all interested persons.

The resignation of Mr. Swenson from the Board of Education has been recently announced. His general interest and intelligence as applied to all school matters, and his particular knowledge of building and housing matters, have made his services quite invaluable. His resignation from the Board, we feel, is a distinct loss to the District.

While the Board of Education knows and recognizes in our schools certain weaknesses, with which it is trying to deal in the manner that seems wisest, every member, without reservation, subscribes to the proposition that our schools are most excellent and a source of the greatest pride. We invite and genuinely want at all times the co-operation of all parents and the honest criticism and frank opinions of all persons interested in our schools.

SCHOOL BOARD REPORT OF FINANCIAL BUDGET  
FOR 1922-1923.

Amount of money required by law (\$3.50 on each \$1,000 of the inventory).

	Elementary Schools.	High Schools.
I—Budget (school money):		
(a) For support of schools,	\$141,867.12	\$77,453.91
(b) For purchase of text-books and scholars' supplies,	6,468.47	3,531.53
(c) For purchase of flags and appurtenances,	16.17	8.83
(d) For payment of tuitions in high schools,		
(e) Total amount required for the above items,	\$148,351.76	\$80,994.27
(f) Estimate of \$5 tax on 1922 inventory,	96,553.63	
II—Requirements to meet the Budget:		
(a) For support of elementary schools,		\$148,351.76
(b) For support of high school and high school tuitions,		80,994.27
Total support of all schools,		\$229,346.03
III—School Board report of assessment required:		
(1) For the support of schools and the purchase of required books, supplies and flags, and the payment of high school tuitions,		\$229,346.03
Estimate of \$3.50 tax on 1921 assessed valuation,	\$67,587.54	
Estimate of additional sums needed,	161,758.49	
(2) For the payment of per capita tax,		6,000.00
(3) For the payment of debt (statutory),		10,000.00
(4) For the payment of interest (statutory),		5,675.00
(5) For the payment of other statutory requirements,		
(6) For the general administration of the schools,		6,958.00
Total budget for 1922-1923,		\$257,979.03

## REPORT OF THE SUPERINTENDENT.

---

*To the Board of Education of Union School District, Supervisory Union No. 8:*

In submitting this, my thirty-sixth annual report, the sixty-second of its series, I am reminded of changes that are being made in general to meet requirements of modern schools. Ways, means, and methods, prevailing years ago, now are inadequate for meeting present conditions. The public school population of today is so unlike that of former days in character that methods of the ancient kind are not so effective.

Education concerns itself more and more each succeeding year about discovering the individual child both in his particular capacity for doing prescribed work and his probable relation to society after his period of public school life is ended. Such work calls for the best talent to determine the true measurement of intelligence and also a clear knowledge of the physical conditions of childhood. The "get-there-or-die" plan, bred and fostered by the old aristocratic idea of education, has given place in a great degree to the more rational plan of making the most of real child development. The people of the country are beginning to recognize, quite rapidly, the true function of the public school—the full development of individual capacity—and they are willing to accept a realization of this as a fair return for the money they spend to bring it about. Requirements for such results are the best supervision, tuition and housing conditions.

In many places, some not far-removed from Concord, large sums of money are being expended in the erection of new buildings to accommodate rapidly growing student population. More children are going to school, children of many different nationalities, a large propor-

tion of which are neither of English extraction nor of native parentage. The matter of educating them in our language, customs and ideals in addition to the routine of curriculum requirements presents a problem entirely different from that of earlier times when a large majority of the students had the benefits of a good home life conducted on traditional lines and of a common language.

In the country at large the awakening of the people to the value of education was never more apparent than now.

The National Education Association has already appointed a committee of men to discover whether the large expenditure of money for secondary schools can be justified by the brand of education that is shown. The personnel of this committee is of such strong calibre as to strengthen the belief that the investigation will be intelligent, thorough, and of great value.

There is a determined effort being made to have the educational interests of the country nationally represented by a Bureau of Education.

The measurement of pupil intelligence and the proper nourishment of all school children are movements rapidly growing in public favor.

In our own city, child welfare is being looked after along the most approved lines by the Board of Education who have given freely of their time and effort to place our schools in the front rank.

The new committee on education recently appointed by the Chamber of Commerce should be a power in bringing the excellence of Concord School System to the notice of other cities.

#### HOUSING ACCOMMODATIONS.

Congestion in pupil attendance has appeared in the middle grades, in the senior and the junior high schools, and in other isolated spots. A concrete problem is

offered for solution in meeting these conditions in the most economical way, without additional building construction, there being no vacant room south of School Street at the present time. Relief could be given the Kimball and the Rumford schools during the past year only by extraordinary transfers. This caused some dissatisfaction among the parents.

The Senior High School is taxed to its capacity. The maximum enrollment at the beginning of the second semester had increased to 510. It is probable that a larger attendance will have to be met next fall.

The present Senior High School building was first occupied in 1906. At that time it was expected to provide accommodations for a four-year high school for fifty years. In three years it had outgrown its capacity and in 1910 the freshman class was taken out and placed in the Parker School building. The grades that were supposed to be accommodated in the high school then, have reached an enrollment of 758. I think measures may be taken that will provide for the enrollment of next fall but if steady growth continues thereafter the erection of a new building must be considered.

The attendance in the Parker School continues to grow. At the beginning of the next fall term it will probably be the largest in its history. Adequate additions to this building would solve all housing problems for a long time, giving four vacant rooms below School street.

#### THE HIGH SCHOOLS.

##### *Senior High.*

The work of this school is confined to the last three years of pupil school life. Much effort has been made during the last year to raise the standard of work and enforce better discipline, and I feel that it has been accomplished in a measure. Any school, whether elementary or secondary, will be no better than the spirit displayed by the pupils. It is this that gives sufficient momentum to

all the various activities and creates an atmosphere of progress. Pupils come to this school finely prepared in both spirit and attainment to do the work. Compared with secondary schools of earlier times the present high school shows wide variations, making it much more of a public representative school. In the older school domestic arts and manual training were in their infancy, it not being fully determined as to their place in the school curriculum, and a department of commerce had not been established. The school was only one-third as large as it is now, with four years of grading. The number of teachers was correspondingly small. Then the school was mainly classical in requirement and spirit. It is an educational axiom that the larger a school of this kind grows the less scholastic the students become because the increase is mainly of those who are interested in only a few of the activities.

Now we find the following division:

Classical, 87; Academic, 133; Commercial, 173; Manual Training, 172.

The various courses so widely different in character cannot command the concentration of thought, teaching, effort, and atmosphere that was apparent in the old school, but the present day school is more distinctly public than ever before.

The principal in his report to the superintendent, speaks of the probable crowded condition of the building next year, and the importance of the physical drill movement.

He acknowledges with appreciation the services of the following people who have addressed the school: Miss Alice Bradley, of the Farmer Cooking School; Mr. Raymond, of the Chamber of Commerce; Mr. John S. Davie, Labor Commissioner; Colonel Aloe, Citizens' Training Camps; Mr. Walter M. May, Good English Week, and Mr. Clark Macomber, on College Work and Sports.

He deplores the changes of teachers as making it impossible to do standard work. He also says that the work done by the school is satisfactory, both in quantity and quality, and that the record of students entering colleges

other than N. H. State is as good as in other cities of the State, and that failures in the N. H. College is due to the fact that many of those who entered chose courses for which they were not fitted, nor recommended.

A special prize of \$20 has been offered by Mr. William W. Thayer to be awarded to that member of the school attaining the highest rank in scholarship among those whose athletic record during the same year entitles them to their "C."

#### *The Parker School.*

This school has been handicapped for the greater part of the year by the absence of Miss Dickerman on account of serious illness. Nevertheless, a superior grade of work has been done and the accomplishments of the pupils are reflected in the creditable standing of those who have entered high schools in various parts of the country. Schools of this grade need the services of teachers who have had full college training or its equivalent because the character of the work is essentially secondary. The Terman group tests have been applied to all of the pupils and the intelligence quotients average high, following with remarkable accuracy the pupil's record of school work.

#### *The Chandler School.*

That one hundred and fifty pupils and six teachers are cooped up in incommodious quarters for nine months of the year should be frowned upon by the parents. Teachers of such calibre and pupils of this age should be given accommodations comparable with those allowed such schools in other places. The record of the school is superior.

#### *The Walker School.*

The scholars in this school have made excellent record for the past year. The evenness of the work and the fine spirit displayed, commends the efforts of both teachers and pupils.

*The Eastman School.*

The classes of this school are small. It seems advisable that the Junior High pupils should be transferred to the schools of the city proper so that they may gain the advantages of departmental instruction and the growing spirit of larger classes.

*The Garrison School.*

The classes in this school have the benefit of departmental instruction and have done passing work in their studies. The teachers are faithful and the atmosphere of the school is first-class.

Some alarm has been manifested at a lack of fundamental knowledge which it is claimed that pupils have when they enter the freshman class of the high school. A comparison of two classes thirty years apart should convince them that this is not the case, and that the fit of today is at least the equal of the fit of long ago.

## COMPARATIVE TABLE

showing the work of the pupils during the first term in the freshman class.

	1891.	1921.
No. pupils whose record is found	82	141
No. of these attaining perfect term mark	0	0
No. of these attaining a term mark:		
Between 90 and 100%	6= 7.3%	25=17.7%
Between 80 and 90	18=21.9	57=40.4
Between 70 and 80	25=30.4	50=35.4
Between 60 and 70	20=24.3	8= 5.7
Between 50 and 60	7= 8.5	1= .75
Between 40 and 50	2= 2.4	0=
Between 30 and 40	2= 2.4	0=
Between 20 and 30	2= 2.4	0=
Below 20 per cent.	0=	0=
No. pupils failing to pass 70 per cent.	33=40.1%	9= 6.37%
Average scholarship of class	72.2	82.

About this time the principal of the school thirty years ago made this remark to the superintendent: "Either they (the entering freshmen) do not understand the situation or they are not *properly prepared*." I say this without the least fear of successful contradiction. The general work of the pupils of the Junior High Schools is of a high order of excellence and any delinquencies that may be discovered later is not to be borne by them. The pupils know the fundamentals and they are admirably fitted to take up the work of any high school freshman class. This is revealed in the daily classroom work and in the results of severe tests given at the close of each semester.

#### THE ELEMENTARY SCHOOLS.

The elementary schools comprising the first six years have accomplished much. Rearrangements and closer adjustments in the curriculum and more definite correlations have brought better work in the various studies. The mid-year tests revealed a power and definite results that will stand the closest investigation. Special attention has been given to penmanship the work in which, for the last few years, could be criticised with reason. English composition also is being supervised carefully showing to advantage in the following particulars:

Oral and written English composition, formal grammar, penmanship, spelling and general neatness. Mr. Clayton's efforts in this direction have been invaluable. To summarize what has been done for the past year I give the following:

1. Readjustment of the work in arithmetic.
2. Closer correlation of English with other branches.
3. More care given to legible writing.
4. A new course of study in geography in the fifth and sixth years.
5. Revision of the course in history in the fifth and sixth years.

6. Scientific investigation in classes E and F to determine the true value of silent reading.
7. A new course in spelling for classes K, L.

The work of these schools will bear close investigation and merit approval for the results attained and the methods of gaining them. Recent praise from people outside of the city, and also the state, ably qualified to judge in such matters should be reassuring to all.

### THE RURAL SCHOOLS.

The attendance in the rural schools has increased. The course of study is arranged so as to fit the needs of pupils about to enter the Junior High grades. In the more remote schools the first year work of the Junior High School has been completed, thus enabling the pupils to enter the Parker School. In all cases the pupils have maintained a creditable standing. Mr. Nute has made frequent visits to the Mountain School for instructing the boys in the elements of wood-working. A carpenter's bench and tool equipment have been furnished.

The usual visits of the other special teachers have brought forth good results. A certain vigor and natural individuality marks the work of all these schools indicating a growth of self-responsibility in the pupils and also a power to do things without constant direction.

### OBITUARY.

Miss Gara Elizabeth McQuesten died March 27, 1921, after a lingering illness. Miss McQuesten, who was a graduate of the city public schools and the normal training class, had taught here for thirty-one years. Her work was always marked by sincerity, energy, originality and unqualified success. To those who knew her best she was an inspiration in both her public and private life.

Miss Eva Alice Henneberry died July 7, 1921. Miss

Henneberry was a graduate of the local high school and the Dewey Training School. She had taught one year in the rural schools and in this short time showed professional strength. A promising career was cut short by her untimely death.

#### THE DEWEY TRAINING SCHOOL.

The school has been conducted along former lines. The unusually large classes are due to the remuneration allowed during the training period, an expedient adopted during the late war. Its discontinuance after this year will probably result in smaller entering classes. I believe the greatest care should be exercised about retaining those teachers whose record during the first semester does not indicate future success in teaching. Before the next class enters, some specific rules should be made and a scheme adopted by which definite information can be gathered regarding the probable professional success of each pupil teacher.

#### SPECIAL BRANCHES.

##### MUSIC.

The policies of previous years have prevailed. Five thousand ten individual tests in sight-singing have been given with excellent results. The chorus singing in the high school has been better than it was last year. The excellence of the instruction is revealed in the community singing of the Rumford School, the four-part songs of the Chandler School and the orchestra of the Garrison School where a live interest has been manifest. Five members of the high school orchestra were formerly pupils in the Garrison School. Class K, in the Kimball School, prepared and gave an operetta in a creditable manner during the winter term. The Parker School still maintains excellent chorus work and its community songs are an inspiration. The high school orchestra and the glee clubs flourish, but the class in music appreciation is small and

will be discontinued unless increase in membership is shown.

## COOKING.

The schedule arranged for the first semester was very unsatisfactory. A change was made in February so that all girls in classes M and N receive an hour and three-quarters of work every other week. This schedule is progressing satisfactorily.

The elective classes under Miss Davis have had the routine work of the curriculum supplemented by lectures and excursions as follows:

A demonstration lesson on carving, by Mr. La Har of St. Paul's School.

A trip through The Durgin Silver Manufactory.

An inspection of Wilson's Cold Storage Plant.

A demonstration of the different kinds of fish and their preparation by Mr. Corrigan.

The cutting up of a beef creature, by Mr. Nolan.

The school lunches have been conducted as before with a more varied menu.

## SEWING.

The general efficiency of the pupils in this work was never better. The high school classes lose interest by being obliged to walk to the Parker School for their instruction. If a room were available in the high school building, numbers and interest would increase. Project work has been done for the Charitable Society and for the Morrill School of Mechanic Arts.

## DRAWING.

No radical changes have been made in the curriculum but too infrequent visits to the schools by the supervisor have held back the work to an appreciable extent, through no fault of hers. Visits to the elementary schools have

been made only once in four weeks. Two half-days are being given to high school electives. The combining of the Parker School and the High School electives has made the classes too large to do the best work, but the quality, nevertheless, is superior. The increasing number of special activities make it exceedingly difficult to arrange a curriculum giving the proper amount of time to each.

#### THE MORRILL SCHOOL OF MECHANIC ARTS.

The activities of this school have become so numerous and the institution such an important factor in the general scheme of education of this district that it deserves a more detailed report than is now being given. Little by little the school has grown to meet the popular demands for manual training and industrial work and the methods of instruction have undergone a corresponding change. The course is balanced so as to fulfil the fundamental aims of education especially as regards certain cultural and related subjects. Year by year this school is becoming more identified with the industrial activities of Concord.

At the beginning of the school year the course was separated into four divisions: manual training, try-out work, pre-vocational, and vocational. This was done to clarify the course in respect to its aims and in response to constructive suggestions made by parents, business men, and prominent educators. This course develops for industrial positions, business men, salesmen and teachers of mechanic arts. It also has an added value in preparing for the State College and other technical schools.

The usual quantity and quality of work has been done and the principal and the teachers have again demonstrated their worth by general efficiency.

A school for disabled World War Veterans was held during July and August of last year at the Morrill School conducted by the Federal Board for Vocational Education. Seventy different men were enrolled. They were instructed by Messrs. Hartwell, Gilman, Wilcox, Roundy,

Chamberlin, Paige, Andrews and Hall of the Morrill School, and Messrs. Clark, Sawyer, Lougee and Edmunds from other places. The courses of study comprised Machine Shop Practice, Pattern-Making, Cabinet Making, Electricity, Mechanical Drawing and Printing. Among the different projects performed were the wiring of the Parker School and a part of the basement of the High School for electricity. The entire session was one of great value to all concerned.

#### THE KINDERGARTENS.

No new kindergartens have been established during the past year and the usual attendance has diminished. Miss Lowe of the Walker Kindergarten was transferred to the principalship of the Garrison Kindergarten, the position having been made vacant by the election of Miss Chamberlin to the supervisorship of all this work. Miss Chamberlin's efforts have been successful and it is with confidence that we expect that this department will continue to reflect her faithful work.

#### INTELLIGENCE TESTS.

Activity in determining both the distinctive physical qualities and the mental character of school children has been revealed in the results gained through the untiring efforts of Mr. Clayton and Dr. Kelley. The tests, both group and individual, while not a finality in themselves in arriving at conclusions, are highly suggestive and approach determination so nearly as to make them of the greatest value in a system of education. Their peculiar functions include the proper adjustment of a course of study to the pupil's capacity, the proper value of the content of texts, the degree of application that a pupil could be expected to give reasonably, and the effectiveness of the methods of teaching in use.

The inclination of some to belittle the value of these things suggests at once a lack of progressive ideas, an inclination to remain in well-trodden paths because they are traditional, and an adherence to those things that have always tended to hold the world back instead of pushing it forward. The result of all this will be that methods of determining values of school efficiency that do not take into account the child in his entire capacity will soon be relegated to an inefficient past. The advance of civilization has resulted from just such scientific investigation and research.

#### RECOMMENDATIONS.

##### 1.

That if the district can stand the expense, the prevailing scheme of grading the schools be expanded to provide for an ultimate gradation as follows:

(a) A division of kindergartens embracing two years. The ages of pupils from 4 to 6 years.

(b) A division of elementary schools embracing six years having a socialized curriculum specially adapted for stressing the fundamentals in all work. The ages of pupils from 6 to 12 years.

(c) A division of intermediate or junior high schools having a socialized curriculum specially adapted for the need of adolescent pupils, extending the work of the fundamentals of the elementary grades, varied by introducing the proper features of the secondary schools including the early beginning of modern languages, typewriting and other features of the commercial course, making it a definite try-out period for the differentiated course of the senior high school. Ages of pupils from 12 to 15 years.

(d) A division of senior high school grade with a differentiated curriculum so that specialized work may be done along the following lines:

College Preparation, Commerce, Vocational and Personal

Guidance, Advanced work in the various curricula to prepare more thoroughly for the pupil's choice of life work, including junior college requirements. Ages of pupils from 15 to 18 years.

## 2.

That each of the following buildings may be provided with a supervising principal whose duties shall be mainly supervisory so that the requirements in all grades and all the special activities may be met more adequately. Rumford, Kimball, Garrison buildings.

## 3.

That the Junior High School classes of the Eastman School be transferred to the Walker School where the pupils can have the better care and advantages afforded by larger classes and by departmental instruction.

## 4.

That all the various branches of the domestic science department be placed in charge of one responsible head under whose direction a more economic administration would result and objectives would be realized that we do not obtain now.

## 5.

That conditions in the Millville School be given immediate attention to secure their much needed improvement.

## 6.

That modern vehicles be purchased by the district to be used in transportation of pupils.

## SCHOOL CONDITIONS.

Concord should be proud of its schools. They are not perfect, but they merit great praise for what they have

done, for what they are doing, and for what they plan to do in the future.

Unusual care must be exercised that continued additions to the requirements and to the duties of the teachers are justified by additional time furnished. The financial expense must be vouched for by positive results.

The demands of the curriculum are such as are required of pupils in other cities. They are reasonably well met, the pupil health carefully looked after, and the pupils, grade for grade, are over-age rather than under-age. When children leave our schools to live elsewhere they invariably maintain their grading and frequently enter ahead of the classes to which they would be assigned ordinarily.

The ages of pupils in the high school are on the average about the same as those in other cities of the state. This refutes the statement that they are more immature than pupils in other cities.

In all grades through the elementary and the junior high schools the pupils are industrious, well-disciplined, serious about their work, and happy in the performance of it.

The call for another year in the grades is needless, but if the addition were to be made it should be as suggested in my previous report of 1918 and more definitely stated in this report. This year is to be of post-secondary grade as required of six year high school courses in the State Course of Study for Secondary Schools, P. 11. It must be borne in mind that such addition will result in increased expense. In any case the annual cost of running the schools will be enlarged by from three to five thousand dollars. In a short time, if not at once, it would require additional building construction at a cost of not less than \$150,000. Unless more room could be secured it would place additional burdens upon the lowest grade teachers by increasing the number of classes to three and four in each room. There is nothing in the prevailing conditions now to warrant such an outlay. Build the schools up,

graded as they are, strengthening certain weak places and utilize every reasonable expedient to house the pupils before increasing the bonded indebtedness of the district simply to supply another year's work. During the coming year the need of added building construction may be determined more definitely. A lack of room for housing the schools properly should be the sole cause of increasing the bonded indebtedness of the district.

I congratulate the citizens of Concord upon maintaining such creditable schools. Let all unite in serious effort to make them still better, strengthening the weak departments, spending the public money with the usual good judgment, and in spreading abroad their good features as well as offering reasonable criticism at home.

To the Board of Education, the entire teaching corps, to Assistant Superintendent Clayton and all others who have aided me in trying to maintain and further build up the credit of our schools I extend my sincere appreciation.

L. J. RUNDLETT,  
*Superintendent.*

## REPORT OF THE ASSISTANT SUPERINTENDENT.

---

*To Mr. Louis J. Rundett, Superintendent of Schools.*

DEAR SIR: I am submitting herewith a report on the work of assistant superintendent for the year 1921-1922. This report will deal with adult educational activities and supervision in the elementary and secondary schools.

There has been no marked change in the method of administration of the night schools. Following out the policy of preceding years we used Morrill School for the short vocational unit courses and the Senior High School for English classes for the foreign-born. Statistics of enrollment and attendance appear elsewhere. There was not so much sustained interest in the vocational work as in previous years, which was accounted for partly by the fact that employment conditions were not normal, and for many others an unusual interest in social and civic activities engaged their time. The English work was maintained at its usual level of interest. All courses were effectively taught by our regular vocational and substitute teachers. I greatly question the wisdom of demanding night-school service of day-school teachers even if we do pay extra for such service, and yet it would not be economical to employ full time teachers for this work with the comparatively small demand there is for it.

The attempts to make better readjustments in courses of the Junior and Senior High Schools referred to in my last report, have been continued successfully. There is greater continuity between the lower and upper schools, notwithstanding the fact that the work of the lower or Junior High Schools is impaired by the lack of adequate housing. A modern Junior High School building is greatly needed not only to meet the present congestion but for the inevitable increase of pupils in the near future.

A study of four selected grades in the elementary schools was made with respect to the value of silent reading. It has been frequently contended that pupils are not taught how to read silently, in other words how to get the content of a book or paper by themselves intelligently. It is further alleged that most of the reading done in after-school life is done silently: therefore, silent reading should be taught. The study referred to was made not because silent reading is untaught in our schools, but rather to develop a more effective method for teaching it. The result of the study and experiment showed marked gains in the abilities of pupils to read silently with speed and comprehension under the method employed by two of the teachers who took part in the experiment. This investigation will be continued in the higher grades and the method developed tried out still more completely. This kind of supervision applied to other forms of school activities will produce similar improvement in teaching method, and the pupils and teachers both will be the gainers.

Another single item of supervision has been a study of the classroom grades of our high school pupils, in other words the school success of pupils. This study covered the work of the Parker and the Senior High Schools. A careful study was made of the individual records, and then mentality tests were given to 661 pupils to ascertain, approximately, the native mental ability of our high school pupils. A full report of this study has been presented to Headmaster Cook. Some items in this report may be of interest to parents.

The first significant fact is that as a group of pupils, our pupils register, as we would have surmised, good average ability. In fact, about 20 per cent of the pupils would be considered of superior ability according to the Terman standards.

In the second place, we find that in mental brightness or alertness the younger members of a class are superior to the older members in the same class. Or, in other words,

the chronological age of a pupil is not a sign necessarily of greater mental maturity; on the other hand the reverse seems to be true. The following data from one of the tables in the report referred to illustrate this point. The intelligence quotients—commonly abbreviated I. Q.—which indicate mental alertness or slowness are shown in the left hand column. The 80-89 group is the slowest mentally; the 120-129 group is the most alert or the brightest mentally. If one reads downward he will find that the oldest pupils chronologically—i. e., oldest in years—have the lowest average mental age. This data is from Class Q (Grade 9B).

I. Q. GROUP	CHRONOLOGICAL AGE	MENTAL AGE
80- 89	16 yrs., 10 mos.	13 yrs., 5 mos.
90- 99	16 " 1 "	14 " 10 "
100-109	15 " 5 "	15 " 11 "
110-119	15 " 0 "	17 " 0 "
120-129	14 " 2 "	17 " 8 "

This situation throws light on the matter of a pupil's age in any grade. We cannot say because a pupil is young in years that he is necessarily forced when placed in a grade with older pupils. He may be, so far as mental ability is concerned, much in advance of his classmates. I have known of pupils who have graduated from high school at the age of 20 years or more whose mental age was under fourteen years; and of freshmen in high school mentally 17 years of age but chronologically not over 13 years of age.

Another interesting observation resulting from this study is that our slower pupils mentally are making very creditable progress in school success; their ranks show that they are making satisfactory use of their ability. On the other hand, the school success of many of the high average and superior pupils—i. e. in native ability—is conspicuously low. There appears to be no evidence, ex-

cept possibly in the case of an isolated pupil, where the grade of work required is too difficult: it is too difficult for the indolent. On the other hand, there is very strong evidence that for the healthy-bodied and healthy-minded pupil the work is not difficult enough.

I have cited these two items of supervision to indicate the kind of intensive study that is being made of our schools. Lack of clerical assistance limits the amount of work of this nature that can be done at present. Such studies as have been made present a more accurate view of our schools and give more trustworthy measures of their success and failure than second-hand reports. Many municipal school systems have inaugurated research departments which handle all such matters. The results have permanent value in scientifically judging that city's schools at their real value. Already we have taken steps designed to remedy revealed defects and to improve merits. The problems of school today cannot be treated as isolated problems in the community. Schools used to be as homogeneous as the communities they served. Today they are subjected to all of the diverse influences of their complex modern environment. No panacea can cure our ills: only impartial and accurate observation of the facts can lead us to the actual situation, and then our diagnosis and treatment must be specific.

I wish to make known at this time my appreciation of the unfailing co-operation of teachers and principals, even when co-operation meant the giving up of coveted leisure hours, whenever I have attempted to study their pupils and their classes. In particular I find the work of Doctor Kelley invaluable in diagnosing individual situations.

Respectfully submitted,

F. T. CLAYTON.

*Assistant Superintendent.*

## ANNUAL REPORT OF THE MEDICAL DIRECTOR.

---

*Mr. Louis J. Rundlett, Superintendent,*

DEAR SIR: Herewith I respectfully submit a statistical report of the work accomplished by this department since February 15, 1921.

Three thousand, one hundred and sixty-six pupils have been examined as carefully as circumstances permit and it has been the aim of the examiner to inform individual pupils in such matters of hygiene as appeared most appropriate to their several needs. This has not been without response on the part of the pupils, many of whom have shown considerable interest in bettering their physical condition. The general routine of the department has been continued, involving an increasing amount of clerical work.

Following out the general plan of health development as an important function of the schools, physical training has been made a prescribed course in the Senior High School and has been carried on successfully by Miss Ranney and Mr. Quinn. The boys' drill has consisted of setting-up exercises as prescribed for the regular army as a basis, supplemented by calisthenics from the manual of Edmund D. Butts, U. S. Army, and by games. Concerted movements have been promoted by cornet music by two of the pupils, enabling the classes to perform the exercises rhythmically and without verbal command. Bar-bells, constructed at the Morrill School, have been provided for fuller development of the exercises. Similarly, the girls' classes are given formal drills, supplemented by appropriate games and folk-dances. Wands have been provided for these classes.

The need of maintaining a high level of health among children may be shown from the report of absences for an average month. One thousand, three hundred and

ninety school days were lost in this district and, excluding unavoidable absences, 1,117 days were due to preventable illness. This is a retarding influence upon the children, as well as a very considerable economic loss. Much may be done in the homes by emphasizing the simple rules of health and by increasing the children's resistance to disease. To aid in raising or in maintaining the standard of health provision has recently been made in three of the schools for forenoon lunches. During the first week, 1,217 lunches were taken in a school population of 610. Scales have been supplied to these schools and the children will be weighed each month, a report of which will be sent to the parents. This does not replace the valuable nutrition work of the Concord Charity Organization Society but is a development made possible by their pioneer work.

The personnel of the Dental Clinic has been reorganized because of the withdrawal of eight of the staff after a generous and faithful service through five years. The clinic has been continued by Dr. Young, Dr. Albee, Dr. Morton, Dr. Washburn and, temporarily, Dr. Aldrich. During the year, two hundred and forty-three children have benefited by this work, which forms a most important part of the health program.

Many children, also, have had the benefit of surgical and medical treatment generously given by physicians of the city.

The Concord Female Charitable Association has again donated the sum of ten dollars for the purchase of glasses for needy children and the gift is appreciatively acknowledged. Dr. Thomas D. Wood, of Columbia University, has given to the schools a series of health charts which are proving valuable in stimulating the interest of the children.

Although the use of the Armory has been granted for physical training and the Young Men's Christian Association has afforded the use of its gymnasium for basketball, there is a growing need of a school gymnasium in

which classes could be conducted more frequently to the greater advantage of the pupils. The High School also lacks provision for track activities which could well be developed.

Your attention is respectfully called to the reports of Mrs. Upham and Miss Elliott, which are enclosed and which can show only partially the effort and interest which they have contributed to the work.

Respectfully submitted,

C. M. KELLEY,  
*Medical Inspector.*

February 24, 1922.

# SUMMARY OF EXAMINATIONS FROM FEBRUARY 14, 1921, TO FEBRUARY 24, 1922.

Number of pupils examined,	3,166
Number of notifications of defects sent to parents,	395
Number of exclusions for communicable diseases, etc.,	79
Mental examinations,	32

## ANNUAL SCHOOL MEETING WARRANT.

---

### STATE OF NEW HAMPSHIRE.

*To the Inhabitants of Union School District in Concord,  
N. H., qualified to vote in district affairs:*

You are hereby notified to meet at the Auditorium on Prince Street, in said district, the sixth day of April, 1921, at 7.30 o'clock in the evening, to act upon the following subjects:

1. To choose a moderator for the ensuing year.
2. To choose a clerk for the ensuing year.
3. To hear and act upon the report of the Board of Education for the past year.
4. To choose three members of the Board of Education to hold office for three years to fill the vacancies arising from the expiration of the term of office of W. Stanley Emery, Osma C. Morrill, and Charles Duncan.
5. To choose one or more auditors for the ensuing year.
6. To see what sum of money the district will raise and appropriate for the payment of the debts of the district.
7. To see what sum of money the district will raise and appropriate for the support of the schools for the ensuing year.

8. To transact any other business that may legally come before said meeting.

Given under our hands this 16th day of March, 1921.

HARRY H. DUDLEY,  
W. STANLEY EMERY,  
CHARLES DUNCAN,  
LILLIAN R. SHEPARD,  
OSMA C. MORRILL,  
HARRY F. LAKE,  
OMAR S. SWENSON,  
ELIZABETH R. ELKINS,  
JOSEPH S. OTIS,

*Board of Education of Union School District.*

---

I certify that on the 18th day of March, 1921, I posted a copy of the written warrant, attested by the Board of Education of said district, at the place of meeting within named and a like attested copy at the Police Station, in the city of Concord, N. H., being a public place in said district.

LOUIS J. RUNDLETT.  
CONCORD, N. H., March 18, 1921.

---

Then personally appeared before me, on this date, the said Louis J. Rundlett, and made oath the above certificate by him signed is true.

BENJAMIN W. COUCH,  
*Justice of the Peace.*

---

A true copy of the warrant, return of service, and certificate of oath.

EARLE C. GORDON.  
*Clerk of Union School District.*

## REPORT OF THE ANNUAL MEETING.

---

In accordance with the foregoing warrant a meeting of the legal voters of Union School District No. 8 was held at the Auditorium on Prince Street, in Concord, N. H., on the evening of the sixth of April, 1921, at 7.30 o'clock.

The meeting was called to order and the warrant read, by Louis C. Merrill, moderator.

ARTICLE 1. On motion of Hon. Henry E. Chamberlin, duly seconded, the clerk was ordered to cast one ballot for Louis C. Merrill for moderator for the ensuing year. Mr. Merrill was duly elected and sworn.

ARTICLE 2. On motion of Fred I. Blackwood, duly seconded, the moderator was ordered to cast one ballot for Earle C. Gordon for clerk for the ensuing year. Mr. Gordon was duly elected and sworn.

ARTICLE 3. On motion of Hon. Henry H. Metcalf, duly seconded, the report of the Board of Education as printed, was accepted and placed on file.

ARTICLE 4. On motion of Hon. Henry H. Metcalf, duly seconded, it was voted to proceed to the election of three members of the Board of Education to fill the vacancies arising from the expiration of term of office.

It was declared polls would close at 8.45 P. M.

On motion of Hon. Henry H. Metcalf, duly seconded, the moderator was instructed to name three tellers. The moderator named: Ernest R. Roberts, Dr. Dennis E. Sullivan and Carl H. Foster.

On motion of Hon. Henry H. Metcalf, the meeting proceeded to the consideration of the remaining articles of the warrant.

ARTICLE 5. On motion of Dr. Charles Duncan, duly seconded, Henry H. Metcalf and John P. George were nominated for auditors for the ensuing year. Mr. Metcalf and Mr. George were duly elected.

ARTICLE 6. On motion of Dr. Charles Duncan the following resolution was adopted: *Resolved*, That there be raised and is hereby ordered to be raised on the polls and ratable estates within Union School District the sum of sixteen thousand, thirty-five dollars (\$16,035) of which sum ten thousand dollars (\$10,000) shall be appropriated for the payment of the bonds of the district maturing on May 1, and July 1, 1921, and six thousand, thirty-five dollars (\$6,035) for the payment of the interest on its bonded indebtedness accruing during the year.

ARTICLE 7. On motion of Dr. Charles Duncan the following resolution was adopted: *Resolved*, That there be raised and is hereby ordered to be raised on the polls and ratable estates within Union School District for the support of schools for the ensuing year, such a sum, as in addition to the sum assigned to the district by the city of Concord out of its appropriation for schools, will amount to the sum of two hundred forty-two thousand, two hundred forty-eight dollars and seventy-five cents (\$242,248.75).

ARTICLE 8. Dr. Drury spoke briefly concerning "Millville" school. Harold Cheney offered the following resolution: *Resolved*, That it is the sense of this meeting that one year more of time be added to the grades below Junior High School, or the present seventh grade, and that it is understood that the added time shall include no extra work, but shall be devoted to the work now being covered in the six lower grades.

The question being stated:

Shall the resolution be adopted? Discussion ensued. The negative prevailed on a *viva voce* vote, and the resolution was not adopted.

At 8.45 o'clock the polls were declared closed by the moderator. Result of the voting was as follows:

For members of the school board:

Whole number votes cast,	1,048
Necessary for a choice,	525
Mrs. Grace Amsden, had	1
Florence P. Morrill, had	1
Henry H. Metcalf, had	2
Wallace F. Purington, had	305
Harry C. Brunel, had	311
Mrs. Charles L. Jackman, had	312
Dr. Charles Duncan, had	677
Mrs. Osma C. Morrill, had	739
Rev. W. Stanley Emery, had	758

and Dr. Charles Duncan, Mrs. Osma C. Morrill and Rev. W. Stanley Emery, having a majority of all the votes cast were declared elected.

There being no further business, on motion of Dr. Charles Duncan the meeting adjourned.

A true record. Attest:

EARLE C. GORDON,  
Clerk.

	<hr/>	\$6,321.23

Transferred to General Account Water Department by order of the Board of Water Commissioners, to be used in the reduction of the bonded indebtedness of the water system, \$6,321.23

## REPORT OF THE BOARD OF WATER COMMISSIONERS.

*To the Board of Mayor and Aldermen:*

We herewith submit the annual report of the Superintendent of the water system.

Very little comment in addition thereto is required,—his report being full and comprehensive.

The water system of the city is in the best of condition. The outstanding water bonds April 1, 1922, are \$288,000, of which \$270,000 bearing interest at 4 1-2 per cent per annum were refunded. The \$270,000 bonds were sold for \$1,007.80 for each \$1,000.00 bond, showing the high standing of the city financially. These bonds are dated January 1, 1922, payment being arranged yearly, so that the income from the water rates will pay both interest and principal in fifteen years.

Respectfully submitted,

NATHANIEL E. MARTIN,  
HARRY H. DUDLEY,  
CHARLES R. WALKER,  
JOHN B. ABBOTT,  
FRANK P. QUIMBY,  
BURNS P. HODGMAN,  
OLIVER J. PELREN,  
GEORGE T. KENNEY,  
HENRY E. CHAMBERLIN, *ex-officio*,

*Board of Water Commissioners.*

**REPORT OF THE SUPERINTENDENT.**

*To the Board of Water Commissioners:*

I herewith present to you the fiftieth annual report of the operations of this department, showing the receipts, expenditures and abatements, together with a statement of the extensions and improvements made during the year ending December 31, 1921.

**RECEIPTS.**

## EXTENSIONS AND IMPROVEMENTS.

Distribution pipes laid in 1921:

South Street, from Bow Street to Bushey's Farm, 1,350 feet of 10-inch cast iron pipe, replacing cement-lined.

Passway between Phenix Block and Phenix Hotel, high service line, 180 feet of 10-inch pipe.

Alleyway east of North Main Street, from said passway to rear of Eagle Hotel, high service line, 596 feet of 10-inch pipe.

Pleasant Street at St. Paul's School, extended west from New Upper School, 118 feet of 10-inch pipe.

Noyes Street, from Harvard to Yale Street, 1,016 feet of 8-inch pipe; 392 feet of 1-inch pipe discontinued.

Hall Street, extended south from Rumford Field, 1,500 feet of 6-inch pipe.

Stevens Avenue, north from Pleasant Street, 385 feet of 6-inch pipe.

Kent Street, east from Stevens Avenue, 165 feet of 6-inch pipe.

Wiggin Street, east from Donovan Street, 322 feet of 6-inch pipe.

Dunklee Street, south from Pillsbury Street, 260 feet of 6-inch pipe, replacing 1-inch pipe.

Harvard, Princeton and Dartmouth Streets, on connections at Noyes Street, 44 feet of 6-inch pipe.

Hammond Street, extended east at Water Street, 37 feet of 4-inch pipe.

Bridge Street, extended east from Stickney Field, 295 feet of 2-inch pipe; 223 feet of 1-inch pipe discontinued.

Water Street, extended north from Hammond Street, 293 feet of 2-inch pipe.

Church Lane, north from Park Street, 124 feet of 2-inch pipe; 114 feet of 3-4 inch pipe discontinued.

Also 717 feet of 1-inch pipe; 222 feet discontinued.

On hydrant branches, 81 feet of 8-inch and 87 feet of 6-inch pipe; 14 feet of 6-inch cement-lined pipe discontinued.

Total length of main and distribution pipes now in use, 382,075 feet or 72.36 miles.

Fourteen gates were added during the year; 3 were discontinued.

Total number of gates now in use, 1,067.

Nine new hydrants have been set as follows:

On alleyway east of North Main Street.

East side, near Eagle Garage.

East side, rear Robinson's store.

East side, rear of Phenix Block.

On Noyes Street,

Northwest corner of Harvard Street.

Northwest corner of Yale Street.

On Hall Street,

West side, near Nylen's.

West side, near Thompson's.

West side, at Gilman's.

On Kent Street, north side, at Stevens Avenue.

Two have been discontinued; total number now in use, 469.

Thirty-nine services have been laid, consisting of 792 feet of 3-4 inch, 37 feet of 1-inch and 40 feet of 2-inch cement-lined pipe, and 17 feet of 8-inch cast-iron pipe. One 6-inch high service connection and one 6-inch low service connection have been made for Rumford Printing Co., hydrant and sprinkler service.

Nine services have been discontinued.

Total number in use, 3,924.

Total length of service pipes, 92,863 feet or 17.58 miles.

Forty-one services have been relaid and curb valves placed on 49 old services.

Sixty-six new meters have been set and 3 meters have been removed, making total now in use, 2,710.

The height and temperature of the water in Penacook Lake are shown by the following tables:

## HEIGHT.

January	1,	185.00	July	1,	184.35
February	1,	184.70	August	1,	184.25
March	1,	184.60	September	1,	183.00
April	1,	185.00	October	1,	182.60
May	1,	185.20	November	1,	182.00
June	1,	185.15	December	1,	182.60

The lowest point in the height of the water was 182.00 on November 1, the highest was 185.50 on March 10, mean height for the year was 183.96 which was .32 foot lower than the mean height for 1920.

## TEMPERATURE.

January	1,	41	August	2,	78
	12,	42		9,	80
	31,	43		30,	78
February	2,	42	September	4,	76
	28,	43		7,	74
March	2,	42		19,	72
	23,	43		30,	68
April	4,	44	October	5,	66
	9,	46		10,	62
	26,	47		29,	58
May	5,	48	November	4,	54
	17,	52		5,	52
June	3,	56		9,	50
	22,	60		16,	48
July	1,	66		22,	44
	16,	68	December	2,	42
	31,	72		31,	42

One of the most important pieces of construction work for this year was the extension of a 10-inch main for high service fire protection and the installation of three 8-inch four-way independent nozzle valve hydrants in the alleyway east of North Main Street. This extension has already

shown its value in two fires that might have assumed serious proportions but for its use.

An 8-inch pipe has been laid on Noyes Street from Harvard to Yale Streets with the intent of furnishing an ample supply to the section west of South Street and south of Clinton Street. This pipe was not connected to the South Street main on account of the condition of the street between South and Harvard Streets, the grade being about four feet lower. When this part of Noyes Street is filled, the line should be connected through to South Street.

The 6-inch cement-lined main on South Street from Bow Street to Bushey's Farm, laid in 1882, was relaid with 10-inch cast iron pipe. There had been several bad leaks on this pipe in the last few years and its condition as shown when uncovered in the work of relaying made it evident that it was time to discontinue it.

The residents on the lower end of Hall Street have been given a supply of water for both fire protection and domestic use, by the extension of the 6-inch main.

The location of all new hydrants which have been set in connection with these extensions, has been determined by the Hydrant Board comprising the City Engineer, the Chief of the Fire Department and the Superintendent of the Water Works.

At West Concord, north of Hutchins Street near the dam and gate houses, there has long been an unsightly and unsanitary condition caused by the flowing back of Forge Pond over a swampy area which also received more or less drainage from a set of buildings near by.

This has now been remedied by the construction of a rubble wall laid in concrete on the south side of the highway which prevents the water from the Pond from flowing back over this swamp, and a twelve-inch pipe was laid in back of the wall to carry water from the swamp and drainage to the overflow. The highway is greatly improved by this wall and the purity of the drinking water further safeguarded by it.

There have not been many new services laid this year as we have had few new buildings in the city. Meters have been set on most of the new services and on many old ones. It is planned to continue placing meters on all supplies whenever the schedule rate for fixtures installed shall equal or exceed the minimum meter rate.

All hydrants have been regularly tested and inspected during the winter and kept in good working condition.

The quality of our supply continues to hold its high standard as shown by the tests of the State Chemist. The shores have been policed and the rules regarding boating enforced.

I would recommend the relaying of the following streets in 1922:

Martin Street from Albin to Walker Streets with 280 feet of 6-inch pipe.

Bradley Street north from Perkins to Penacook Streets, 400 feet of 6-inch pipe.

Washington Street from Rumford to Essex Streets, 375 feet of 6-inch replacing 6-inch cement-lined.

Giles Street from Warren to School Streets, 772 feet of 6-inch pipe replacing 4-inch cement-lined.

Hammond Street east from Hall Street, 500 feet of 6-inch iron pipe replacing 4-inch iron.

I wish in closing this report to thank the members of the Board for their advice and support during the year.

Respectfully submitted,

PERCY R. SANDERS,  
*Superintendent.*

## REPORT OF THE ENGINEER AT PUMPING STATION.

### PUMPING STATION, CONCORD WATER WORKS.

*P. R. Sanders, Superintendent,*

SIR: I would report that the pumping machinery at the pumping station, including boilers is in good working condition.

Both steam pumps have been turned over every two weeks by high service pressure to see that they were in good working order.

**SUMMARY OF STATISTICS.**

---

FOR THE YEAR ENDING DECEMBER 31, 1921.

**CONCORD WATER-WORKS.**

CITY OF CONCORD, COUNTY OF MERRIMACK, STATE OF NEW  
HAMPSHIRE.

---

**GENERAL STATISTICS.**

Population by census of 1920—22,167.

Date of construction—1872.

By whom owned—City of Concord.

Source of supply—Penacook Lake.

Mode of supply—Gravity, also pumping to reservoir for  
high service and fire protection.

**PUMPING.**

Builders of pumping machinery—Worthington Pump and  
Machinery Corporation.

1 triple expansion horizontal engine, capacity, 2,000,000  
gallons per 24 hours, 1893.

1 triple expansion horizontal engine, capacity, 2,000,000  
gallons per 24 hours, 1904.

1 Worthington 8", type "BS", slow speed, horizontal  
split casing, volute, centrifugal pump, capacity  
3,500,000 gallons per 24 hours, 1919.

Motor, G. E., 100 H. P., A. C.

## ELECTRIC PUMP.

1. Description of power :
  - a. Alternating, 3 phase, 60 cycles, 2,200 volts, 1,800 R. P. M.
  - b. Price per K. W. H., \$0.01 1/3, 8 p. m. to 6 a. m. ; maximum, \$1,800 per year, 300,000,000 gallons ; \$6.00 per 1,000,000 gallons, over 300,000,000.
2. K. W. H. used for year, 134,160.
3. Total pumpage, by Venturi meter, 269,858,000 gallons.
4. Average static head against which pump works, 90 feet.
5. Average dynamic head against which pump works, 120 feet.
6. Gallons pumped per K. W. H., 2,011+.
7. K. W. H. used per 1,000,000 gallons pumped, 497.
8. Efficiency of pump,

9. Total pumping for year, steam and electric pumps, 306,816,629 gallons.
10. Cost of total pumping figured on pumping station expenses—\$3,956.84.
11. Per million gallons pumped—\$12.896.
12. Per million gallons raised one foot (dynamic)—\$0.107.

## DISTRIBUTION.

## MAINS.

1. Kind of pipe—cast iron and cement-lined.
2. Sizes—from two-inch to twenty-four-inch.
3. Extended—5,801 feet during year.
4. Relaid—2,769 feet during year.
5. Discontinued—837 feet during year.
6. Total now in use—72.36 miles.

7. Number of leaks per mile for year—
8. Length of pipes two inches and less diameter—3.44 miles.
9. Number of hydrants added during year—public, 7.
10. Number of hydrants now in use—public, 469; private, 95.
11. Number of stop gates added during year—11.
12. Number of stop gates now in use—1,067.
13. Number of stop gates smaller than four-inch—
14. Number of blow-off gates—81.
15. Range of pressure on mains at center of city—88 pounds high service and 48 pounds low service.

## SERVICES.

16. Kind of pipe—cement-lined.
17. Sizes—three-fourths-inch to ten-inch.
18. Extended—886 feet.
19. Discontinued—153 feet.
20. Total now in use—92,863 feet.
21. Number of service taps added during year—30.
22. Number now in use—3,924.
23. Average length of service—23.66.
24. Average cost of service for the year—
25. Number of meters added during year—63.
26. Number now in use—2,710.
27. Percentage of services metered—69.06.
28. Percentage of receipts from metered water—85.88.
29. Number of elevators added—none.
30. Number now in use—9.
31. Number of standpipes for street watering—44.

# FIRE DEPARTMENT.

---

## REPORT OF CHIEF ENGINEER.

---

*To the Board of Aldermen:*

In accordance with the requirements of the city ordinance, I herewith submit for your consideration the report of the Fire Department for the year 1921.

The department responded to 62 bell alarms and 302 still alarms.

In addition, two fires occurred, entailing loss, for which no alarms were given, making a total of 366 for the year.

	Bell	Still	No alarm	Total
Precinct,	38	228	1	267
Penaeook,	13	51	1	65
East Concord,	9	7		16
West Concord,	2	16		18
	<hr/> 62	<hr/> 302	<hr/> 2	<hr/> 366

This report will be found to contain statements in detail embracing the amount of expenditures, a complete roll of the department with residence and occupation of each member, a record of all fires and alarms which have occurred during the year and the causes thereof as nearly as could be ascertained, with the names of the owners or occupants and the value, loss, insurance, and insurance recovered in each case.

The number of alarms responded to by the department during the year exceeded all previous records and the monetary loss was far heavier than usual. Extensive repairs were made on Combinations 1 and 3,—the wheels

of the latter being cut down and cord tires provided. The condition of the stable flooring made thorough repairs imperative. The apparatus in the main is in good condition, but Combination 2 (Alert) and Engine 3 car (Penacook) are sadly lacking in power and remedial steps should be taken. The ladder truck should be motorized. 1000 feet of hose should be purchased and 1000 feet re-lined. The precinct fire alarm system, as regards construction, is in good condition, but vastly overloaded, abnormal areas being without protection in case of open circuit. One alarm box was purchased late in the year but not installed. Approximately 10 miles of new wire was used in replacing the same amount of old wire.

The fire alarm system at Penacook is in good condition. It will be necessary, however, to renew the battery plates during the coming year. The installation of an alarm box has been requested at West Main and Pine Streets.

East and West Concord were provided with electric siren fire alarm horns which are working satisfactorily. The duties incumbent on the undersigned in the line of inspection of wires and buildings have been performed.

In March, a monthly system of inspection of buildings in the business section was inaugurated and has proved beneficial.

During the month of October I had the pleasure of attending the Convention of the International Association of Fire Engineers held at Atlanta, Georgia, a report of which I rendered at that time.

I wish again to take occasion to thank your honorable body for the opportunity afforded me to attend.

Respectfully submitted,

W. C. GREEN,  
*Chief Engineer.*

Summary does not include figures pertaining to destruction of buildings and contents at Mast Yard, June 16th. Cause, alleged to be spark from locomotive. Not adjusted. In litigation.

## APPARATUS AND FORCE.

The apparatus and force of the department is as follows:

Precinct, located at the Central Fire Station, one first-class Amoskeag engine, "Eagle," and one 750-gallon Ahrens-Fox motor-driven combination pumping engine and hose car, attached to Eagle Steam Fire Engine Company (15 men); one second-class Amoskeag engine, "Kearsarge," and auto-combination car, attached to the Kearsarge Steam Fire Engine Company (13 men) one second-class Amoskeag engine, "Governor Hill," relief engine, in charge of an engineer and fireman; and one auto-combination car in charge of four permanent men; one ladder truck, "City of Concord," attached to Hook and Ladder Company (21 men); one house man at Central Fire Station. There are six horses kept at this station. There are eleven permanent men located at the Central Fire Station, one permanent man at each fire station within the precinct, one permanent man at Pioneer Station, Penacook, and one permanent man at Cataract Station, West Concord.

The Alert Hose Company (11 men), located on Washington Street, has an auto-combination car, with permanent man.

The Good Will Hose Company (11 men), located on the corner of Concord and South State Streets, has an auto-combination car, with permanent man.

Veterans' Auxiliary Company (30 men.)

One chemical engine, one hand engine and four wagons in reserve.

The "Pioneer" Engine Company, No. 3 (28 men), at Penacook, has a third-class Metropolitan engine, with two hose wagons and one auto-combination car with permanent man.

The Cataract Company (30 men), at West Concord, has a modern hose wagon and auto-combination car with permanent man.

Old Fort (30 men), East Concord, has a 4½-inch cylinder Hunneman hand engine and hand ladder truck, and one hand-drawn chemical engine, 50-gallon, single tank, and one auto-combination car.

# PUBLIC LIBRARY.

---

## REPORT OF THE TRUSTEES.

---

*To the Mayor and Board of Aldermen of the City of Concord, New Hampshire:*

The Trustees of the Public Library herewith transmit the annual report of the librarian, showing in outline the work of the year.

It is evident on inspection of the working conditions that the library is operated with the utmost economy and efficiency.

For several years prior to 1920 the number of books added ranged from 885 to 1,125, but the number added in 1920 was only 717, and in 1921 only 500. The number should be brought up to 900 or more in 1922.

The general upkeep and care of the rooms and books has been kept at the lower limit of cost during the period of the high cost of living, and some additional expense is necessary during the present year.

In view of these conditions, the trustees voted to ask the Mayor and Board of Aldermen to appropriate the sum of \$7,500 for the support of the library for the present year, instead of \$7,000 which was appropriated for the year 1921. The trustees feel that this sum, with an additional income from the Benjamin Kimball Fund of from \$200 to \$300, is the smallest amount possible for creditable and efficient conduct of the library.

Respectfully submitted,

THOMAS W. D. WORTHEN,  
*President of the Board of Trustees.*

February 7, 1922.

# REPORT OF THE CITY LIBRARIAN FOR 1921.

*To the Board of Trustees of the Concord Public Library:*

GENTLEMEN: My annual report, which is now chiefly a matter of statistics made out according to the recommendation of the New Hampshire Library Commission, is herewith presented.

The financial statement is as follows:

## RECEIPTS AND EXPENDITURES, 1921.

### RECEIPTS.

Balance from last year,	\$14.83
Appropriation,	7,000.00
Interest:	
Cogswell,	\$85.90
Lyon,	40.00
Pierce,	40.00
Valpey,	20.00
Hazeltine,	133.00
Jones,	22.00
S. C. Eastman,	50.00
Chase,	42.50
	<hr/> 433.95
Fines,	376.00
	<hr/> \$7,824.78

### EXPENDITURES.

Salaries and labor,	\$4,853.72
Books and periodicals,	1,265.37
Binding,	323.00
Fuel and light,	869.84
Printing,	110.50

Incidentals,	\$381.96
Balance on hand,	20.39
	<hr/>
	\$7,824.78

Next to this statement as to what money we have had and what money we have spent, comes, logically, a paragraph as to our supply of books. First, let it be realized that their continued high cost makes it impossible to buy all the desirable new books or to replace worn-out ones. During 1921 we have added only 600 volumes.

At the beginning of 1921, in library,	33,154 vols.
Added by purchase,	500
Added by gift,	64
Added magazines,	36
	<hr/>
	600
Discarded,	95
	<hr/>
Net additions	505 vols.
	<hr/>
Now in library,	33,659 vols.

The fact that so many books are no longer in the library, because they have become out of print or because they have become prohibitive in price, makes our shelves much depleted, especially in the line of fiction, and our staff find it increasingly difficult to fill borrowers' cards. In a modern library building, access to the stack-room is accorded patrons who then take what they find, and the assistants' time and strength have not been wasted in hunting for volumes with which the library is no longer supplied.

Eight hundred and four new borrowers have registered in the past twelve months, but of course customers are continually slipping away from us through death, removal from town or absorption in other things.

It is now generally conceded that statistics of circulation are not the chief thing by which to estimate a library's value to the community; still, it is gratifying that in 1921 we gained a few hundred, the number of volumes given out being 78,367. For the first time in half-a-dozen years, we have estimated our circulation by classes, and we find that the reading taste in Concord has not altered appreciably. Magazines are next to story-books in popularity. We have noticed that we give out more books in modern Greek and in Italian than formerly; we are not daunted by a request for works in foreign languages, however, as we can acquire them by means of Mr. S. C. Eastman's bequest for that purpose.

We do a creditable amount of inter-loan business, sending a good number of volumes to smaller libraries and asking for a few from Manchester and Boston for our own borrowers.

To have our School Street hall continuously beautified by exhibits from the Library Art Club is now a regular part of our program.

The deposit stations continue in East Concord, West Concord and Penacook. In addition we have placed, at the request of teachers and librarian at the Senior High School, 75 books in the Spring Street building, for the convenient use of its pupils. This experiment is reported as having worked beneficially enough to make it worth repeating the next semester.

This brief account of the past year at the library gives no idea of the countless interesting things which happen within its walls to put fresh zest into those who have long done its work.

During last July and August we tried a Vacation Reading Club for boys and girls from eight to fourteen years of age. This closed with a party, and with prizes for those who had read the most books and reported upon them intelligently.

Your librarian has spoken at library meetings and institutes in Massachusetts and Vermont, and at Women's Clubs, usually on some topic connected with recent publications, and her aim is to stimulate acquaintance with worth-while literature.

The library has lost the valued president of its Board of Trustees in the passing away of Judge R. E. Walker, who held that office from 1903 to January 1, 1922, when his death occurred. Prior to being its head, he was a member of the board for two years. There have been so many tributes to his uprightness, to his fine judicial mind and to his sterling worth, that little remains to be said now; but I want to add that our staff had every reason to like and respect him. He was a man loyal to any cause with which he had connected himself; he responded readily and ably when turned to for advice, and looking back through the years I recall how he always spoke the wise word when, at any of our slight troubles, he was called, in consultation. We felt that, in his quiet way, he really cared for the library and had its prosperity at heart.

Respectfully submitted,

GRACE BLANCHARD,  
*Librarian.*

## REPORT OF THE CITY ENGINEER.

---

*To the Board of Aldermen:*

GENTLEMEN: The twenty-ninth consecutive annual report of this department is herewith submitted.

The expenses of this department for the year 1921 were as follows:

Paid engineer and assistants,	\$4,204.50
for supplies,	100.77
transportation,	52.41
real estate transfers,	25.95
telephone service,	36.85
incidentals,	4.17
Total,	<hr/> \$4,424.65
Appropriation,	\$4,725.00
Expended,	4,424.65
Unexpended balance,	<hr/> \$300.35

### SEWERS.

The work done on sewers will be found in detail in the report of this department to the Board of Public Works, and published as a portion of their report.

### WATER-WORKS.

Elevations were taken and batters set for a retaining wall on Hutchins Street, West Concord.

Two skeleton maps showing the pipe lines, gates, hydrants, branches and other underground construction of the works were made on mounted paper for the superintendent of the works. Blue prints of the Penacook sec-

tion were made and delivered to the superintendent. The sheet plans of pipe lines and appurtenances were brought up to date, and a mounted paper plan of Penacook Lake and land adjoining, owned by the city, was made for the superintendent.

#### FIRE DEPARTMENT.

The fire-alarm and hydrant maps were brought up to date and prints furnished for the various fire stations in the city, also the Penacook district.

#### BUILDING PETITIONS.

Ninety-three petitions were presented to the chief of the fire department and myself. Hearings were had on all petitions and our action recorded upon the original petitions, which petitions are on file with the city clerk.

One petition was referred to the Board of Aldermen, but the petitioner changed his plans and told us that he would build of brick.

#### CEMETERIES.

Considerable time was spent in preparing plans for a cement wall, a stone wall and an iron fence on the Bradley Street side of the Old North Cemetery. The bids received for both the cement and stone walls were much higher than they should have been and were promptly rejected by the cemetery commissioners. The final adoption of an iron fence, with one gateway and stone posts at each side of the gate and at each end of the cemetery, brought the cost to a point that the commissioners were willing to accept. A contract was made for the fence and it was erected and painted by the contractor.

The deed book for Blossom Hill Cemetery has been brought up to date from the deed stubs.

## ASSESSORS' MAPS.

The unusual amount of real estate changes during the past year added much to the work of keeping the maps up to date, but it was done and the lists of owners corrected to April 1, 1921, for the assessors.

The property taken by the Boston & Maine Railroad, for the construction of its round house and appurtenances, made it necessary to change the Ward 7 sheets in that locality. The railroad gave us copies of their plans showing land taken, which materially aided us in properly covering the changes made.

## MISCELLANEOUS.

Nine prints of a small outline map of the city were made and delivered to the superintendent of schools.

A print of the compact portion of the city was made for the Board of Health.

Plans and sections were made for the suit against the city by the executor of Mrs. Norris' estate.

Prints for the use of the Board of Examiners of Plumbers were made and turned over to them.

A plan showing the proposed extension of the Penacook Sewer Precinct, covering a portion of West Main Street and Pine Street, was made for use of the Board of Aldermen.

A print of Tenney Street layout was made for filing with the city clerk.

Surveys covering the land sold from the old City Farm pasture to E. E. Webber were made, plans plotted, areas figured and the plans filed in this office for future use.

A plan showing the South Main Street line at the building of the Norris Baking Company was made and delivered to Mr. George S. Forrest.

Prints of the plan of Rolfe Park, Penacook, were made and given to the city solicitor to aid him in making a conveyance to the city.

Surveys were made and plans and estimates prepared for a proposed swimming pool at White Park, and the plans given the committee having this matter in charge.

Prints covering the West Concord and Penacook districts, showing the roads, were made for the superintendent of streets.

Baseball grounds were laid out at Rollins Park and also at White Park for the Play-ground committee, and a football field laid out at White Park.

At Rolfe Park a diamond was laid out and levels given for grading the same.

The town lines between Hopkinton and Bow were perambulated with one or more of the selectmen of those towns.

For the support and co-operation of your board I wish to express my appreciation.

Respectfully submitted,

WILL B. HOWE,  
*City Engineer.*

# REPORT OF THE BOARD OF HYDRANT COMMISSIONERS.

---

CONCORD, N. H., December 31, 1921.

*To the Board of Aldermen:*

GENTLEMEN: The sixteenth annual report of this board, for the year 1921, is herewith submitted.

On April 11th the full board met and recommended the installation of the following hydrants:

High service, one at the junction of Stevens Avenue and Kent Street.

Low service, on the north side of Noyes Street, just west of Harvard Street.

Low service, on west side of Hall Street, on south line of No. 12.

Low service, on west side of Hall Street, near Albert Thompson's.

Low service, on west side of Hall Street, near Batchelder bill-board.

High service, 4-way on Pearl Street, at west line of No. 12.

High service, 4-way in rear of Eagle Hotel where the low service hydrant now stands.

High service, in rear of Woodward block, where the low service hydrant now stands.

High service, in rear of Phenix Hotel, on easterly side of passway.

On May 25th we met on Noyes Street and recommended the installation of a hydrant on the north side of Noyes Street at "Yale Street," so called.

No other sessions were held during the year.

Respectfully submitted,

WILL B. HOWE,

W. C. GREEN,

PERCY R. SANDERS,

*Board of Hydrant Commissioners.*

# REPORT OF THE BOARD OF PUBLIC WORKS.

---

## REPORT OF THE HIGHWAY DEPARTMENT.

---

*To the Board of Public Works:*

My report for the year ending December 31, 1921, is herewith submitted.

During the past year no addition has been made to the improved surface of our city street system. The bad drainage condition on a number of streets has been improved, allowing, in years to come, the hard surface to be laid thus having many streets of improved pavement to show in part for this year's activities.

The amount expended under General Maintenance has been, in the main, for the upkeep of all classes of streets and roads, but quite a sum has been spent which possibly does not show clearly in the financial report and is as follows:

\$17,151.80 has been spent for the improvement of the London Road and the concrete pavement on Bridge Street under the supervision of the State Highway Department.

Rubble drains have been constructed upon a portion of Rumford and South Spring Streets to take care of the bad drainage condition on these streets.

All steel bridges have been cleaned and painted one coat.

Resurfacing of our dirt and gravel streets with crushed screened gravel; improved pavements repaired; country roads drained, reshaped and ditched; roads and streets dragged and driveway construction has been continued as in the past year.

\$7,887.32 has been expended on trunk line maintenance, this includes seal coats of tar and asphalt.

We have spent \$6,636.70 for sanding walks and sweeping pavements.

There has been 5,405.92 square yards of tar walks relaid during the year.

We have collected 20,150 cubic yards of ashes and 3,630 cubic yards of paper.

Calcium chloride has been used on 10.5 miles or 130,000 square yards of street surface.

Automobile sprinklers used to drag streets when not sprinkling.

The streets in the business section have been flushed once each week.

I wish to thank the Mayor and all the members of the Board for their support during the past year.

Respectfully submitted,

O. W. HEAD,  
*Superintendent of Streets.*

FINANCIAL REPORT OF THE HIGHWAY  
DEPARTMENT.

## GENERAL MAINTENANCE.

Appropriation,	\$95,000.00
By Resolution 473,	4,000.00
By Resolution 476,	3,000.00
Transferred from sidewalks and crossings—new,	1,468.54
By Joint Resolution No. 480,	2,758.90
	<hr/> \$106,227.44

## EXPENDITURES.

## CENTRAL DISTRICT.

Repairing carts, labor,	\$8.38	
Supplies,	7.21	
Boscawen Water Precinct, water,	12.00	
	<hr/>	\$606.14

## SPRINKLING.

Balance from 1920,	\$1,926.74	
Appropriation,	5,000.00	
	<hr/>	\$6,926.74
Expenditures—		
Sprinkling streets, labor,	\$1,573.79	
Flushing streets, labor,	479.25	
Building truck for hose, labor,	27.50	
Supplies,	1.75	
Standpipes, labor repairing,	54.12	
Labor closing,	12.81	
Labor, painting and repairing carts,	37.50	
Calcium chloride,	3,046.40	
Freight on,	505.72	
Labor applying,	163.05	
Supplies: Paint and brushes,	8.33	
Nozzle,	10.16	
Hose,	62.00	
Miscellaneous supplies,	21.45	
Trucks, labor repairing,	150.65	
Milling and welding,	2.75	
Gasoline and oil,	750.37	
	<hr/>	\$6,907.60
Balance to 1922,		19.14
		<hr/>
		\$6,926.74

## SALARY OF SUPERINTENDENT.

Appropriation,	\$2,500.00
----------------	------------

Expenditures—	
Salary,	\$2,500.00

Deposited with the city treasurer:

State Aid, highways,	\$3,010.91	
Labor and crushed stone,	1,625.94	
Sidewalks and crossings, new,	47.92	
Sidewalks and crossings, repair,	71.95	
Catch basins,	8.30	
Garbage,	287.97	
	<hr/>	\$5,052.99

**REPORT OF CITY ENGINEER.**

---

CONCORD, N. H., December 31, 1921.

*To the Board of Public Works:*

GENTLEMEN: The eleventh annual report to your board showing the work done under the supervision of the Engineering Department, for your board, is herewith submitted.

**SEWERS.**

There were laid during the past season 473.5 feet of 33-inch segmental block sewer in Beacon Street, replacing the old 12-inch pipe, and 222 feet of 12-inch pipe in Broadway below McKinley Street.

The Beacon Street sewer is now completed to Rumford Street, as originally planned. The Rumford Street sewer, from Beacon Street to Franklin Street, is too small for the demands made upon it, and the Franklin Street sewer from Rumford Street westerly about 160 feet is also too small for the territory it serves.

These streets should receive your immediate attention, that the flooding of premises in this section may be avoided and the expense of upkeep materially reduced.

The Beacon Street sewer was delayed by the ledge and large boulders encountered west of Lyndon Street. The blasting required to bring the ditch to the required grade was accomplished, and the deep cutting completed without injury to the workmen engaged upon it, or to the public. A few panes of glass in adjacent houses were broken and immediately reset.

A great source of trouble on this work was caused by the maintenance of the flow of the old sewer while constructing the new one. This was also a great hindrance to the necessary blasting operations.

The sewer system was thoroughly flushed and cleaned in the spring.

There was expended for new work the following amounts:

#### BEACON STREET.

Paid for labor,	\$6,803.57
brick,	57.36
cement,	54.00
castings,	16.00
pipe fittings,	8.40
hardware,	79.25
blacksmith,	72.70
dynamite,	94.80
air compressor, drills, etc.,	810.00
lumber,	227.56
rubber boots,	30.26
kerosene oil,	14.55
gasoline and oil,	60.75
filing saws,	.75
trucking,	245.00
center,	11.69

---

Total expenditure,	\$8,586.64
--------------------	------------

Average cost per foot, \$18.134+

Material excavated, sand, gravel, hardpan, clay, ledge, and large boulders.

#### BROADWAY.

Paid for labor,	\$140.78
pipe,	198.48
cement,	2.00
trucking,	2.50
kerosene oil,	.95

---

Total expenditure,	\$344.71
--------------------	----------

Average cost per foot, \$1.552+

Material excavated, sand.

The following amounts were expended for repairs in the streets named below :

Carter Street,	\$9.94
Ferry Street,	152.07
Prospect Street,	12.17
Badger Street,	36.65
Hall Street,	7.22
Albin Street,	6.22
Harrison Street,	9.00
Dickerman sewer,	28.84
Thorndike Street,	4.61
Tremont Street,	2.50
Essex Street,	10.84
Downing Street,	2.34
Highland Street,	23.00
Rumford Street,	99.99
	<hr/>
Total,	\$405.39

Funds expended :

For new work.	\$8,931.35
repairs,	405.39
tools,	66.81
flushing,	622.55
1920 bill for castings,	38.99
	<hr/>
Total,	\$10,065.09
Appropriation and balance,	\$9,750.06
Expended,	10,065.09
	<hr/>
Overdraft,	\$315.03

Sewers built in the City Precinct to December 31, 1921:

6-inch Akron pipe,	3,088 feet.
8-inch Akron pipe,	25,657 "
10-inch Akron pipe,	55,870 "
12-inch Akron pipe,	38,628 "
12-inch cement pipe,	415 "
15-inch Akron pipe,	11,646 "
18-inch Akron pipe,	7,134 "
20-inch Akron pipe,	5,029 "
24-inch Akron pipe,	4,064 "
30-inch Akron pipe,	1,780.5 "
Brick, 12-inch x 14-inch,	2,758 "
14-inch x 22-inch,	350 "
16-inch x 24-inch,	1,848 "
20-inch x 32-inch,	2,527 "
24-inch x 36-inch,	17,937 "
28-inch x 48-inch,	883 "
24-inch circular,	1,515.5 "
30-inch circular,	402 "
38-inch circular,	4,080 "
24-inch cast-iron,	1,576 "
30-inch cast-iron,	1,054.5 "
33-inch segmental block,	1,536.5 "
42-inch segmental block,	1,055 "
42-inch brick and concrete,	246 "
60-inch brick and concrete,	1,450 "

---

A total of, 192,530 feet.

Total miles in City Precinct, 36.464+

## WEST CONCORD PRECINCT.

There was expended in this precinct in 1921, for flushing, \$24.56.

Funds available,	\$105.58
Expended,	24.56

---

Unexpended balance,	\$80.72
---------------------	---------

Sewers built in this precinct to date:

8-inch Akron pipe,	342 feet.
10-inch Akron pipe,	7,210 "
12-inch Akron pipe,	6,622 "
15-inch Akron pipe,	2,155 "
20-inch Akron pipe,	1,403 "

---

Total,	17,732 feet.
--------	--------------

Total miles in precinct, 3.358+

## SAINT PAUL'S SCHOOL PRECINCT.

There was expended in this precinct in 1921 the following sum:

For repairs,	\$22.68
Funds available,	56.12
Expended,	22.68

---

Balance on hand,	\$33.44
------------------	---------

There have been built to date the following lengths and sizes of pipe sewers:

6-inch Akron pipe,	3,008 feet.
8-inch Akron pipe,	448 "
10-inch Akron pipe,	2,868 "

---

Total,	6,318 feet.
--------	-------------

Total miles in precinct, 1.196+.

## EAST CONCORD PRECINCT.

No money was expended in this precinct during 1921, and the balance on hand remains as of January 1, 1921, *viz*: \$137.86.

There is laid in this precinct, to date, the following size and length of pipe:

10-inch Akron pipe,	1,766 feet.
Total miles in precinct, 0.333+.	

## PENACOOK PRECINCT.

No extensions were built in this precinct in 1921. There was expended for repairs, flushing and pipe for the West Main Street sewer, the following amounts:

Pipe for West Main Street sewer,	\$353.82
Trucking same,	23.80
Main Street repairs,	33.91
Merrimack Street repairs,	172.58
Flushing,	74.68
Kerosene oil,	.24
	<hr/>
Total,	\$659.03
1920 overdraft,	761.88
	<hr/>
Total expended,	\$1,420.91
Appropriation,	\$1,500.00
Expended,	1,420.91
	<hr/>
Unexpended balance,	\$79.09

The following sizes and lengths cover the sewers laid in this precinct to date:

6-inch Akron pipe,	160 feet.
8-inch Akron pipe,	7,083 "
10-inch Akron pipe,	8,976 "
10-inch cast-iron pipe,	76 "
12-inch Akron pipe,	4,124 "
15-inch Akron pipe,	2,263 "
18-inch Akron pipe,	2,437 "
24-inch Akron pipe,	726 "
<hr/>	
Total,	25,845 feet.

Total miles in this precinct, 4,894+.

#### MISCELLANEOUS.

Monthly statements of coal-tar sidewalks, etc., were made showing the location, quantities laid and the prices for same and turned over to the departments or committees having the work in charge.

In company with one or both of the other members of the committee for locating poles, I have attended to that duty, attended hearings and meetings of your board and furnished such information from this department as was called for.

For the courtesies extended to this department by your board, I wish to express my appreciation.

Respectfully submitted,

WILL B. HOWE,  
*City Engineer.*

## REPORT OF THE CITY CLERK.

FOR THE YEAR ENDING DECEMBER 31, 1921

---

The undersigned herewith presents an account of the amount received from fees, licenses and other sources for the year ending December 31, 1921.

From fees of all kinds,	\$831.40
house rent, fire chief,	250.00
bowling alley and pool table licenses,	380.00
junk dealers' licenses,	130.00
job team and passenger carriage licenses,	78.00
dog licenses,	1,740.56
county poor, Merrimack County,	13,805.21
dependent soldiers, Merrimack County,	891.07
sale of histories and maps,	22.75
municipal primary fees,	86.00
tree sold on City Lot, West Concord,	3.00
standing grass, sold city lot,	2.00
land sold, Mary Cowie,	6.69
land sold, Irving Atherton,	7.50
land sold, George R. Bunker,	15.00
druggist permits, to sell liquor,	4.00
employment bureau license,	5.00
sale of old tower clock,	50.00
sale of junk,	.90
plowing garden, 1918,	4.64
bounty on wild cat,	10.00
	<hr/>
	\$18,323.72

The foregoing amount has been paid into the city treasury.

Respectfully submitted,

ARTHUR E. ROBY,  
*City Clerk.*

## POOR DEPARTMENT.

---

### FIFTY-FOURTH ANNUAL REPORT OF THE OVERSEERS OF THE POOR.

---

FOR THE YEAR ENDING DECEMBER 31, 1921.

---

*To the Board of Aldermen:*

The undersigned herewith submits the fifty-fourth annual report of expenditures for the poor, including Wards One and Two, for the year ending December 31, 1921:

#### CITY POOR.

Appropriation,	\$3,000.00	
Resolution No. 480,	528.55	
	<hr/>	\$3,528.55
Paid groceries,	\$481.16	
fuel,	258.00	
rents,	321.00	
care children,	552.00	
board and care,	1,822.80	
medicine,	11.60	
milk,	51.99	
medical examinations,	30.00	
	<hr/>	\$3,528.55

## COUNTY POOR.

Paid groceries,	\$2,349.16	
milk,	180.41	
fuel,	2,020.40	
rents,	2,284.73	
care children,	3,666.45	
board and care,	2,744.00	
shoes and clothing,	255.18	
burials,	50.00	
miscellaneous,	9.50	
transient account,	15.56	
	<hr/>	\$13,575.39
Total amount paid for aid to poor.		\$17,103.94

## DEPENDENT SOLDIERS, COUNTY.

Paid groceries,	\$88.00	
fuel,	185.25	
rents,	148.50	
board and care,	651.50	
	<hr/>	\$1,073.25

Respectfully submitted,

ARTHUR E. ROBY,  
*Overseer of the Poor.*

## REPORT OF SEALER OF WEIGHTS AND MEASURES.

---

CONCORD, N. H., January 20th, 1922.

*To the Honorable Henry E. Chamberlin,  
Mayor of Concord.*

SIR: I have the honor to submit to you a report of the work done as city sealer during the year 1921.

I am glad to state that there has been no need of taking any cases to court this year.

Scales, tested and sealed, 241; adjusted and sealed, 71; condemned, 3; total, 315.

Weights, avoirdupois, tested and sealed, 517; adjusted and sealed, 97; destroyed, 1; total, 615.

Automatic pumps, tested and sealed, 61; adjusted and sealed, 17; total, 78.

Dry measures, tested and sealed, 13; destroyed, 1; total, 14.

Liquid measures, tested and sealed, 74.

Cart bodies, measured, 14.

Estimates on coal in bins, 7.

Wood measured, 3.

Coal reweighing, 39.

Package reweighing, 49.

J. P. FORSYTH,  
*City Sealer.*

## REPORT OF HISTORY COMMISSION.

---

January 9, 1922.

*To the Board of Aldermen:*

The History Commission hereby submits the following report for the year ending December 31, 1921:

Number of Half Leather Bound Copies on hand January 1, 1921,	48
Number of Half Leather Bound Copies sold 1921,	7
	<hr/>
Number of Half Leather Bound Copies on hand January 1, 1922,	41
Number of Cloth Bound Copies on hand January 1, 1921,	539
Number of Cloth Bound Copies sold 1921,	None
	<hr/>
Number of Cloth Bound Copies on hand January 1, 1922,	539
Number of Maps on hand January 1, 1921,	872
Number of Maps given out with Histories sold, one to each set,	7
Number of Maps sold separate,	7
	<hr/>
	14
	<hr/>
	858

### NUMBER OF HISTORIES SOLD, 1921.

Seven copies, Half Leather Binding @ \$3.00 per set. (Two volumes to a set),	\$21.00
Number of maps sold separate, 7 @ 25c each,	1.75
	<hr/>
Total,	\$22.75

Deposited with the City Treasurer, amount received from sale of Histories and Maps, 1921:

Treasurer's Receipt dated December 30, 1921,

No. 349,

\$22.75

Respectfully submitted,

HENRY E. CHAMBERLIN, *Mayor*,

WILLIAM L. STEVENS,

ARTHUR E. ROBY, *City Clerk*,

*History Commission.*

## HEALTH DEPARTMENT.

---

### REPORT OF THE BOARD OF HEALTH.

---

*To the Board of Mayor and Aldermen:*

Following is the report of the Board of Health for the year ending December 31, 1921:

The first meeting of the board was held in February when the following organization was effected:

Mayor Henry E. Chamberlin, Chairman.

Charles E. Cook, M. D., Secretary.

Sibley G. Morrill, M. D., Member.

Subsequent meetings were held on the first Monday of each month.

In the absence of emergencies the business transacted at these meetings was largely of a routine nature, but the attendance was good and interest was sustained throughout the year. Our city has not been visited by any severe and devastating epidemic during the year. In fact, with the exception of a moderate epidemic of a very mild form of scarlet fever, the city has been unusually free from contagious disease. This light form of scarlatina prevailed throughout most sections of the country and in the case of our city was unattended with mortality. We believe that the mild nature of the malady plays an important part in effecting its widespread distribution, as many cases are so mild as to be unrecognized. These cases are, therefore, not reported and consequently not quarantined. Being at large these cases serve as ready carriers of the disease and thus serve to help keep up a high incidence of morbidity. We believe that not only are many of these mild cases as stated not recognized, but that some of them are, moreover, in the present status of medical

knowledge, unrecognizable. Indeed it is a matter of perennial regret that we do not possess for scarlet fever some simple and definite method for its recognition such as we have in the cultural method for diphtheria. Recent developments in the allied sciences of serology, immunology, and bacteriology make it seem not unreasonable to hope that we may be given this boon in the not distant future.

We have every reason to believe that our water supply is unexcelled by very few in the country; and by reason of the wise foresight of those having the matter in charge, it is growing better and safer year by year by reason of the removal of possible sources of contamination from the drainage area. Nearly all the land around the shores has been acquired and in the course of time the shores will be entirely reforested.

Our information leads us to believe that our milk supply is, in general, quite satisfactory as to quality and cleanliness. The examination made at the state laboratory of samples collected from the dealers and the publishing of the results of these examinations as a bulletin in the daily newspapers has doubtless exerted a stimulating effect looking toward improvements along this line.

Some of the volunteer organizations that are now working in the medical vineyard are doubtless doing good work. Their activities will, without doubt, exert a beneficial and stimulating influence on the medical profession in general and upon public health administration in particular. It seems quite likely that in time much of the work now being done by these organizations will be taken over as a part of the regular work of the official public health authorities.

We believe that the employment by the Board of Education of a school physician giving full time to the work was a step in the right direction, and that in Dr. Kelley, they have secured the right man for the place. It would seem to be a not unreasonable expectation that the efforts

of this conscientious worker seconded by the able school nurse will soon show tangible results in the right direction.

The lack of adequate hospital facilities for the care of contagious diseases has been forcibly pointed out in several previous reports of this board. Something should be done looking toward a solution of this problem. We believe that the city should co-operate with the Margaret Pillsbury Hospital in providing and maintaining such hospital facilities as are needed for the care of this class of cases.

Mr. Charles E. Palmer has served as sanitary officer for many years in the past. His annual report to the board of health is attached to and made a part of this report. You are respectfully referred to this report for some valuable suggestions, as well as for a detailed account of the activities of the health department.

Respectfully submitted,

HENRY E. CHAMBERLIN, *Mayor*,  
CHARLES H. COOK,  
SIBLEY G. MORRILL,  
*Board of Health.*

**REPORT OF THE SANITARY OFFICER.**

---

*To the Board of Health:*

GENTLEMEN: Herewith is submitted the report of the sanitary officer for the year ending December 31, 1921.

The deaths for the past year number 432, which is 53 less than in 1920, sclerosis-arterio claiming 36, the largest number from any one cause. Estimating the population at 23,000 and excluding the non-resident deaths, 153, and the stillbirths, 8, the yearly death rate for Concord was 11.78 per cent. There were 233 deaths at the six public institutions and 199 in the nine wards of the city.

Scarlet fever has been prevalent through the country, becoming epidemic in many cities. Fifty-four cases were reported to the board of health; with no deaths. While this is the largest number of cases occurring in Concord since 1905 from this disease, it is comparatively few, when we consider the number of cases quarantined in some of our neighboring towns. There were also nine cases of diphtheria, thirty-one cases of measles, twenty cases of tuberculosis, with thirteen deaths resulting, two cases of typhoid fever, nine cases of whooping cough, with one death, and one hundred two cases of venereal disease.

The work of the Merrimack County Tuberculosis Clinic has been very successful and much benefit has been derived by the community at large. This has been of great assistance to this department in caring for many of the patients reported to this office. In these rooms are also held venereal clinics twice each week. Many of the cases that have been referred to me have come here from other cities and states, and I have been obliged to force patients to have treatment. These cases have been taken care of by the clinic, which has greatly facilitated the work in this branch of our department.

For the third time I again wish to call the attention of the citizens of Concord to the fact that we are still without an isolation hospital of any description. We are allowed to use the Foster Ward of the Margaret Pillsbury Hospital when there are no other diseases in quarantine there. When both wards are occupied to their full capacity, I am obliged to care for patients wherever they may be found, and in many places the arrangements necessary to care for a patient at home cause great inconvenience to the family, as well as undue exposure to the disease. Fortunately we have had no small pox since the sale of the old pest house two years ago. As I stated last year, should a case develop I should be obliged to quarantine and care for it wherever it might be found. Since the enactment of the law obliging the board of health to care for venereal disease, many cases have come to my attention of people who, on account of their condition, are a menace to the public and I have been requested by the State and Federal officers to quarantine such people for treatment. As I have no quarters in which to detain these patients, I have in some instances been able to take them to the County Farm at Grasmere, which involves heavy financial loss, as these patients could be cared for in our own venereal clinics. This arrangement is also uncertain as the County Commissioners must look after their own needs first. I feel very strongly that the time has come when we must have an isolation hospital under the direction of the board of health, as the demands of such cases are constantly increasing.

The milk supply has been carried on as in former years. Seventy-six of the one hundred milk farms that I inspected during the year were found in very good condition. Twenty-one were fair, and in the other three instances, I requested the owners to put the farms in more sanitary condition at once, which was done. Each month I have submitted samples of milk from the various supplies sold in the city to the State Laboratory for examination. Of the one hundred thirty-three samples examined seventy-

one were above standard. The board of health voted to publish a quarterly bulletin of the result of each examination in the two local papers; this was done and has proved to be a great stimulus to the producers, as a marked improvement was noted in the conditions of the milk submitted.

One of the new institutions in the city is the Concord Dairy Co. This plant has a thoroughly up-to-date and sanitary equipment for pasteurizing milk and making butter. Concord is indeed fortunate in having a plant of this kind and it is hoped that the citizens will co-operate in supporting it.

Within the past year the price of live weight hogs has dropped to such a low figure that very few farmers are keeping pigs and there is no demand for house offal. The complaints from this source are almost daily. It is impossible for each family to dispose of its own garbage and I would recommend that the city follow the course of procedure adopted in many cities the size of Concord, namely, to let the contract to collect all the city garbage to one person or firm by the year. This method has proven very satisfactory wherever it has been adopted.

There have been the usual number of complaints and nuisances to be inspected and disposed of. These came chiefly from dead animals, odors from pigs, stables and rubbish, unsanitary plumbing, refuse in yards and general conditions of premises. The weekly inspection of alleyways in the rear of the business blocks has avoided any accumulation of rubbish.

While there is very little building in the city, our records show a slight increase. Twenty new sewers were connected and I made 135 inspections of plumbing this year, 36 more than in 1920.

The city water supply at Penacook Lake has been inspected regularly and I have found it to be in most excellent condition. Analysis shows the water to be of the usual fine quality.

The appropriation of \$4,300 for the year was overdrawn \$327.86, making the total expenditures \$4,627.86. Anticipating the high price of fumigation supplies, I bought two years' supply in 1919 which was sufficient to meet the demands. The over draft came chiefly on contagious disease, for which \$903.65 was expended; most cases requiring assistance by this department during quarantine were cared for at the Foster Ward, Margaret Pillsbury Hospital. \$171.00 was received from milk licenses.

The following tables show in detail the work of the department:

FINANCIAL STATEMENT OF THE BOARD OF HEALTH FOR THE  
YEAR ENDING DECEMBER 31, 1921.

APPROPRIATION.

Salary, sanitary officer,	\$2,000.00
Upkeep of automobile,	300.00
Fumigation supplies,	100.00
Contagious diseases,	700.00
Incidental expenses,	1,200.00
Resolution No. 480,	327.86
	<hr/>
Total,	\$4,627.86

EXPENDITURES.

Salary, sanitary officer,	\$2,000.00
Upkeep of automobile,	300.00
Fumigation supplies,	8.30
Contagious diseases,	903.65
Incidental expenses,	1,415.91
	<hr/>
Total,	\$4,627.86

RECEIPTS FOR THE YEAR.

Milk license fees,	\$171.00

## REPORT OF BOARD OF EXAMINERS OF PLUMBERS.

---

CONCORD, N. H., December 31, 1921.

*To the Board of Aldermen:*

GENTLEMEN: The twenty-second annual report of this board is herewith submitted.

The membership of the present board is as follows: Wilfred W. Brennan, a licensed journeyman plumber, Charles H. Cook, M. D., and Will B. Howe, City Engineer. Mr. Brennan is chairman of the board and Will B. Howe, clerk.

Two applications for journeymen's licenses were received, and three applications for master plumbers' licenses.

Four meetings were held, the applicants examined, and one journeyman was licensed. The other applicant has never completed his examination. The three applicants for master's licenses were examined, two passed and were licensed, the other one failed to pass and was denied a license.

Licenses and certificates were issued to the parties named in the attached list. This list also shows the date of issue and the amount paid by each one.

The total receipts of the board were \$30.00, for which amount the clerk of the board holds receipts from the city treasurer.

## REPORT OF THE CITY PHYSICIAN.

---

*To the Board of Mayor and Aldermen:*

Following is the report of the city physician for the year ending December 31, 1921:

Number of patients examined for commitment to the State Hospital,	3
Number of house calls on city poor,	74
Number of office calls on city poor,	41
Consultations for the diagnosis of contagious disease,	7
Number of house calls board of health,	41
Number of office calls board of health,	50
Number of calls at police station,	12
Number of vaccinations and examinations for same,	127

As an *ex-officio* member of the board of health the city physician has attended the meetings of that board acting as its secretary. He has also given medical service and advice to other city departments when called upon to do so.

Respectfully submitted,

CHAS. H. COOK,  
*City Physician.*

## REPORT OF THE CITY SOLICITOR.

---

CONCORD, N. H., January 3, 1922.

*To His Honor the Mayor and the Board of Aldermen:*

I herewith submit my annual report relative to the legal matters in which the City has been interested during the past year.

In the case of *Leon F. Savoy v. Concord*, a petition for leave to file a statement of a claim for damages, the petition has been granted by the court.

*Philippe St. Pierre v. Concord*, a suit for damages for the destruction of an automobile, is still pending in the Superior Court for the County of Merrimack.

The action of *DeWitt C. Howe, Executor of the Estate of Mary A. Norris, v. Concord, Herbert G. Sargent and Thomas W. Cragg*, a suit to recover damages for the death of Mary A. Norris resulting from an accident on the highway between Concord and Penacook, was tried by jury at the October Term of the Superior Court, and resulted in a verdict in favor of the City of Concord.

*Mae E. Cragg v. Concord* is a petition to the Superior Court for leave to file a statement of claim for damages for injuries alleged to have been received in the same accident which caused the death of Mary A. Norris, referred to above. This petition is now pending.

*St. Mary's School for Girls v. Concord*, a petition for abatement of taxes assessed upon real estate of the school corporation, has been transferred to the Supreme Court for the determination of questions of law raised.

*Gertrude Pinsonneault v. Concord* is a suit claiming \$2,000—damages for the destruction of merchandise and fixtures alleged to have been caused by reason of the care-

lessness and negligence of the City on the 29th day of July, 1921, causing the basement of the store of the plaintiff to be flooded with water, and will be in order for trial at the April, 1922, term.

I wish to thank His Honor, the Mayor, the members of the Board of Aldermen, and the heads of the various departments for their courtesy and co-operation during my first year in the office of solicitor.

Respectfully submitted,

J. JOSEPH DOHERTY,  
*City Solicitor.*

# POLICE DEPARTMENT.

### EQUIPMENT.

The department is well equipped with motor apparatus. The Packard ambulance has been thoroughly overhauled by Chauffeur Cushing. I would recommend that the ambulance be touched up and varnished, and the Buick touring car, which has been run two years, be turned in in the spring for a new one; this is an economical measure. The motorcycle purchased last spring has proved to be a good asset for the department, and is in good condition.

### CONCLUSION.

I desire to thank His Honor, the Mayor, and the Honorable Board of Aldermen, Judge Harry J. Brown, County Solicitor Herbert W. Rainie, Clerk of Court John W. Stanley and the members of the department for the co-operation and support given throughout the year.

Respectfully submitted,

GEO. A. S. KIMBALL,  
*City Marshal.*

## REPORT OF THE CLERK OF THE MUNICIPAL COURT.

---

### RECEIPTS.

Received for fines, costs and sundry fees, \$5,578.63

### EXPENDITURES.

Concord Society, S. P. C. A., fines,	25.00
Balance paid City Treasurer,	2,169.29
	<hr/>
	\$5,578.63

Respectfully submitted,

JOHN W. STANLEY,  
*Clerk.*

## REPORT OF TREE WARDEN.

---

*To the Board of Aldermen:*

GENTLEMEN: I would submit the following report of the work of the tree warden for the year ending December 31, 1921.

The greater part of the appropriation of \$3,500 for trees was expended in caring for gypsy moths. There were no elm tree beetles or brown-tail moths, but there was a large amount of work necessary on account of the gypsy moth both in painting the nests and in spraying.

There was a constant demand to have trees removed, but it was impossible to do so only where the trees were dangerous. There are still about thirty-five large trees which should be taken down, and when they are removed new ones should be set out in their place. If a fair amount of planting could be done each year it would help to keep the streets properly shaded and attractive, but if nothing is done toward replacing those removed the beauty of some of our streets will soon be destroyed.

There have been a large number of poplar trees removed, mostly in places where they were found to be damaging sewers and there should be more of them removed as they are not a proper tree for city streets.

Respectfully submitted,

ALFRED CLARK,  
*Tree Warden.*

## ASSESSORS' REPORT

---

*To the Taxpayers of the City of Concord:*

The Board of Assessors submit to your consideration the following facts and figures showing the valuation of the city and its school districts and special preeincts, with the amount of taxes raised in each and returned to the tax collector for collection.

The right to tax the land owned by St. Mary's School for Girls, on Ridge Road, on which an exemption from taxation is claimed, is now before the courts.

In the following report is a table of the amount raised for the years from 1911 to the present time, which shows the increased amount spent by the city.

TABULATIONS OF WARRANTS SUBMITTED FOR ASSESSMENT,  
VALUATION OF CITY AND PRECINCTS WITH  
RATE FOR EACH IN 1921.

WARRANT.	Amount of warrants.	Tax rate per \$1,000.	Assessed valuation of city and precincts.

	<hr/> \$34,000.00

Proceeds from \$4,000 matured 4 per cent. sewer re-funding bonds, and redemption of \$846 War Savings Stamps, deposited in General Account by direction of the Board of Water Commissioners, to be used in the reduction of the bonded indebtedness of the water system.

## CITY OF CONCORD WATER-WORKS PROFIT INCOME ACCOUNT.

Balance of income, 1920,	\$4,261.67
Income received, 1921,	2,059.56
	<hr/> \$6,321.23

Transferred to General Account, Water Department, by order of the Board of Water Commissioners, to be used in the reduction of the bonded indebtedness of the water system, \$6,321.23

## BLOSSOM HILL CEMETERY RECEIPTS.

One-half of the receipts for the sale of lots is added annually to the permanent fund. The remaining half, with the amount received for grading of lots sold, together with the amounts received from sundry collections and income of permanent fund, are added each year to the annual appropriation. The amounts expended on trust funds are paid on a special order from the mayor from the income of individual deposits made with the city for that purpose, said income being used exclusively for the care of the lot specified in each trust.

I hereby certify that I have examined the foregoing account of Carl H. Foster, city treasurer, for the year 1921, and find all items of receipt and expenditure therein properly recorded and authenticated by appropriate vouchers, and the several items correctly cast, and cash balance to be sixteen thousand four hundred sixty dollars and sixty-six cents (\$16,460.66), and as treasurer of the city water department, cash balance to be nineteen thousand three hundred seven dollars fifty-two cents (\$19,307.52).

I have also verified the account of the special funds and sinking funds of the city in the hands of the city treasurer, and find such special and sinking funds invested, and the income thereof for the year 1921 accounted for, as shown by the book of the city treasurer kept for the purpose.

ARTHUR E. ROBY,  
*City Clerk.*
